**THE REED SCHOOL FOR NERVOUS AND BACKWARD CHILDREN** succeeds where the public schools fail. Many whom they have refused or expelled as incompetent or unteachable have been rendered fit at the Reed School, and are now attending the public schools with perfect success. Endorsed and recommended by Dr. David Inglis, Prof. Mental and Nervous Diseases, Detroit College of Medicine. For catalogue address **MRS. FRANK A. REED, 382 Hubbard Ave., DETROIT, MICH.** (See other right top lines.)

POLK'S MEDICAL REGISTER

Rhode Island

## RHODE ISLAND.

### CAPITAL, PROVIDENCE.

Population of State, 480,082.

(State Census of 1905.)

Number of Physicians, 693.

Rhode Island, one of the original thirteen states, extends from 41 degrees 18 minutes to 42 degrees 5 minutes north latitude, and from 71 degrees 8 minutes to 71 degrees 53 minutes west longitude, and is bounded on the north and east by Massachusetts, on the south by the Atlantic ocean, and on the west by Connecticut. The total land surface is, approximately, 1,053 square miles, the average number of persons to the square mile at the censuses of 1890 and 1900 being as follows: 1890, 328.1; 1900, 407. The climate, like that of all the New England States, is marked by extremes, the winters being very cold and the summers correspondingly hot. The mean annual temperature at Providence is 47.91 and at Newport 49.39 degrees, and the average annual rainfall varies from 40 inches in the eastern part to 44 in the west. The eastern part of the state is deeply indented by Narragansett Bay, an inlet of the Atlantic ocean, which extends 30 miles inland and includes several islands, of which Rhode Island (from which the state received its name), Conanicut, Prudence, Hope and Patience are the principal. Block Island, which lies off the southern coast about ten miles distant, also belongs to the state.

The surface of Rhode Island is broken and hilly, but has no elevations that might be termed mountains. Swamps, ponds and marshes border the coast. There are a number of rivers which afford extensive water power, and numerous small lakes and ponds. The soil is moderately productive, but on the islands in Narragansett Bay is very fertile. Rhode Island is pre-eminently a manufacturing state, and leads all others in this respect in proportion to population. The 1900 census reports 4,189 establishments, with an invested capital of \$183,784,587, and an output valued at \$184,074,378. While the manufactures of Rhode Island are widely diversified, there are particular branches in which the state has won a world-wide reputation. The fineness of its textiles, the wealth and beauty of manufactures of gold and silver, the products of its foundries and machine shops, the accuracy of its fine tools in use in every quarter of the globe, the reputation its steam engines have acquired in manufacturing circles, and its enormous output of rubber boots and shoes, all combine to preserve and extend this reputation. The fisheries are important. Over \$1,500,000 is annually expended on the public schools.

The following table shows the increase in population since 1830:

1830.....	97,199	1870.....	217,853
1840.....	108,830	1880.....	276,531
1850.....	147,545	1890.....	345,506
1860.....	174,620	1900.....	428,556

1905 (State Census), 480,082.

For list of Medical Colleges, see page 152.

### STATE BOARD OF HEALTH.

Gladstone Springs—Narragansett Pier P O.

Ochee Spring—Providence P O.

## MEDICAL LAWS OF RHODE ISLAND.

Chapter 165 of the General Laws (as Amended November, 1901).

Of the Practice of Medicine.

Section 1. It shall be the duty of each town and city clerk to purchase a book of suitable size, to be known as the "medical register" of each city or town, and to set apart one full page for the registration of each physician; and when any physician shall die or remove from the city or town, said clerk shall make a note of the same at

*Polk's Medical Register and Directory*

1694

Rhode Island

POLK'S MEDICAL REGISTER

Rhode Island

the bottom of the page, and shall on the first day of January in each year transmit to the office of the state board of health a duly-certified list of the physicians of said city or town registered under this chapter, together with such other information as is hereinafter required, and perform such other duties as are required by this chapter; and such clerk shall receive the sum of fifty cents from each physician so registered, which shall be his full compensation for all the duties required under this chapter.

Sec. 2. It shall be unlawful for any person to practice medicine or surgery in any of its branches, within the limits of this state, who has not exhibited and registered, in the city or town clerk's office of the city or town in which he or she resides, his or her authority for so practicing medicine as herein prescribed, together with his or her age, address, place of birth, and the school or system of medicine to which he or she proposes to belong; and the person so registering shall subscribe and verify by oath, before such clerk, an affidavit containing such facts, which, if willfully false, shall subject the affiant to conviction and punishment for perjury.

Sec. 3. Authority to practice medicine under this chapter shall be a certificate from the state board of health, and said board shall, upon application, after examination, issue a certificate to any reputable physician who intends to practice medicine or surgery in this state and who shall present himself before the state board of health and pass in a satisfactory manner such examination as said board may require. Any physician so presenting himself shall pay to said board the sum of ten dollars (\$10) for each examination, and said fee shall in no case be returned, but shall be applied to pay the expenses of said board of health in conducting such examinations. Each certificate so issued shall be signed by the president and countersigned by the secretary of said board and shall be attested by the official seal, and not more than two dollars (\$2) shall be charged for a certificate.

Sec. 4. Nothing in this chapter shall be so construed as to authorize any itinerant doctor to register or to practice medicine in any part of this state.

Sec. 5. The board may, after due notice and hearing, in its discretion refuse to grant the certificate provided for in section 3 of this chapter to any physician who is not of good moral character, or who has violated any of the laws of the state, or who has been guilty of gross unprofessional conduct or conduct of a character likely to deceive or defraud the public, and may, after due notice and hearing, revoke any certificate issued or granted by it heretofore for like cause or for any fraud or deception committed in obtaining such certificate, or for any other cause which in the opinion of said board shall render the holder of such certificate an unfit person to practice medicine in this state. The members of said board are hereby severally authorized to administer oaths, and said board, in all cases or proceedings pending before it, is hereby authorized and empowered to summon witnesses by subpoena signed by the secretary of said board, and to compel such witnesses to attend and testify in the same manner as witnesses are compelled to appear and testify in either division of the supreme court; and said board is authorized to compel the production of all papers, books, documents, records, certificates, or other legal evidence that may be necessary or proper for the determination and decision of any question or the discharge of any duty required by law of said board, by issuing a subpoena duces tecum, signed by the secretary; and every person disobeying any such writ shall be considered as in contempt, and said board may punish any contempt of its authority in like manner as contempt may be punished by either division of the supreme court. Any person who shall willfully swear falsely in any proceeding, matter, or hearing before said board shall be deemed guilty of the crime of perjury. Said board shall serve a copy of its decision or ruling upon any person whose certificate has been refused or revoked. Any person aggrieved by any decision or ruling of said board may, within ten days after receiving said notice, exclusive of Sundays and legal holidays, taken an appeal therefrom to the appellate division of the supreme court, sitting at Providence, and shall file therein his reasons of appeal, and serve a copy thereof on the secretary, or person performing the duties of secretary, of said board; and said appellate division of the supreme court shall, as soon as may be, hear and determine said appeal.

Sec. 6. Nothing in this law shall be so construed as to discriminate against any particular school or system of medicine, or to prohibit gratuitous services in case of emergency; nor shall this chapter apply to commissioned surgeons of the United States army, navy, or marine hospital service, or to legally qualified physicians of another state, called to see a particular case, in consultation with a registered physician of this state, but who do not open an office or appoint any place in this state where they may meet patients or receive calls.

Sec. 7. Complaints for violation of the provisions of this chapter shall be made by the secretary of said board, and said secretary shall be exempt from giving surety for costs on any complaint made as aforesaid.

Sec. 8. Any person who, not being then lawfully authorized to practice medicine within this state, and so registered according to law, shall practice medicine or surgery or attempt to practice medicine or surgery, or any of the branches of medicine or surgery, after having received therefor or with the intent of receiving therefor, either directly or indirectly, any bonus, gift, or compensation, or who shall open an office with intent to practice medicine or shall hold himself out to the public as a practitioner of medicine, whether by appending to his name the title of doctor or any abbreviation thereof, or M. D., or any other title or designation implying a practitioner of medicine, or in any other way, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined fifty dollars, and upon each and every subsequent conviction shall be fined one hundred dollars and imprisoned thirty days, either or both, in the discretion of the court; and in no case when any provision of this chapter has been violated shall the person so violating such provision be entitled to receive compensation for services rendered.

Instructions.—Application Forms May be Obtained by Addressing the Secretary of the Board.

1. Applicant must fill out in his or her own handwriting the numbered blanks of the form, and the application must be in the hands of the secretary of the state board of health at Providence at least 14 days before examination.

2. The fee of ten dollars, prescribed by law, must accompany the application. Unless paid in person the fee should be transmitted by postal money order, draft or check, and made payable to the secretary of the state board of health. No responsibility will be assumed for fees transmitted by mail in any other form. This fee, as provided in the act, "shall in no case be returned." The fee for certificate, when issued, is two dollars.

3. If the applicant has a literary, or scientific, or medical degree, the diploma shall be presented at the time of the examination.

4. Examinations shall be in writing, and in English, and of a practical character, but sufficiently strict to test the qualifications of the applicant as a practitioner. The assistance of an interpreter is not permitted.

Examinations will be presented upon the following subjects or groups of subjects: 1, Anatomy and Physiology; 2, Materia Medica and Chemistry; 3, Pathology; 4, Surgery; 5, Theory and Practice; 6, Obstetrics and Gynæcology; 7, Hygiene and Medical Jurisprudence.

5. Examinations will be held at the State House, room 315, commencing at 9 a. m., on the first Thursday in January, April, July, and October.

6. Ten questions will be presented upon each subject or group of subjects. An average of seventy-five per cent (75) of correct answers will be required.

7. At the time of taking the examination the applicant must file with the board a recent photograph of himself, to which he shall affix his signature in the presence of some member of the board.

## LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement.  
Refer to Index for Location.

### ABBREVIATIONS:

R., Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; \*, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ‡, Druggist; †, Dentist. R. F. D. 1, Rural Free Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

1702 South Carolina

POLK'S MEDICAL REGISTER

South Carolina

## SOUTH CAROLINA.

CAPITAL, COLUMBIA.

Population of State, 1,340,316.

(U. S. Census, 1900.)

Number of Physicians, 1,293.

South Carolina, one of the original thirteen states, has, by the United States Census of 1900, a population of 1,340,316, as compared with a population in 1890 of 1,151,149, representing an increase during the decade of 189,167, or 16.4 per cent. The following table

southeast by the Atlantic ocean. It has a coast line of about 200 miles, indented with numerous inlets and fringed with numerous small islands, cut off from the mainland by sounds affording a safe passage for river steamers—famous for the fine quality of cotton they produce. The surface from the seaboard for about a hundred miles inland is low, mainly level and diversified by extensive swamps and vast timber tracts. Here grow the cypress and pine, the yucca, the magnolia, the palmetto, cotton, rice, oranges and tropical fruits. The "middle country" beyond this is more or less

## MEDICAL COLLEGE

OF THE

## STATE OF SOUTH CAROLINA

CHARLESTON, S. C.

### Departments of Medicine and Pharmacy

The seventy-seventh course of lectures commences Oct. 1st, 1908, and ends on May 1st, 1909.

Practical instruction in medicine and pharmacy is given in the new Roper Hospital, of which the faculty have charge during the sessions of the college.

EDWARD F. PARKER, M. D.,

Dean.

shows the increase in population since 1830:

1830.....	581,185	1870.....	705,606
1840.....	594,398	1880.....	995,577
1850.....	668,507	1890.....	1,151,149
1860.....	703,708	1900.....	1,340,316

The total land surface is, approximately, 30,170 square miles, the average number of persons to the square mile at the censuses of 1890 and 1900 being as follows: 1890, 38.2; 1900, 44.4.

It extends from 32 degrees to 35 degrees north latitude, and from 78 degrees 38 minutes to 83 degrees 30 minutes west longitude, and is bounded on the north by North Carolina, on the

southwest by the Savannah river, which separates it from Georgia, and on the rolling and broken by sand hills. The northwest portion of the state is mountainous, being occupied by the spurs and the outlying ranges of the Blue Ridge. The winters are short and temperate, seldom of more than eight weeks, and the summers, though long, are not hot or enervating, being tempered in the east by the vicinity of the ocean, and in the west by the elevation. The mean annual temperature ranges from 60 degrees in the north to 67 degrees in the south, and the average annual rainfall is about 45 inches.

For list of Medical Colleges, see page 152.

### MEDICAL LAW OF SOUTH CAROLINA.

AN ACT to Regulate the Practice of Medicine in South Carolina, to Provide for a State Board of Medical Examiners, and to Define Their Duties and Powers.

Section 1. Be it enacted by the General Assembly of the State of South Carolina, That on and after the approval of this act no person shall practice medicine or surgery within the state unless he or she is twenty-one years of age, and either has been heretofore authorized so to do, pursuant to the laws in force at the time of his or her authorization, or is hereafter authorized to do so by subsequent subdivisions of this act.

Sec. 2. Any person shall be regarded as practicing medicine, within the meaning of this act, who shall treat, operate on, or prescribe for any physical ailment of another, except those engaged solely in the practice of osteopathy. But nothing in this act shall be construed to prohibit service in cases of emergency, or the domestic administration of family remedies.

Sec. 3. There shall be established a state board of medical examiners, composed of eight reputable physicians or surgeons, one from each of the seven congressional districts, and one from the state at large, to be nominated by the state medical association, and appointed and commissioned by the governor. The term of office of the members of the board shall be for a period of two years, and until their successors in office shall have been appointed and qualified. Any vacancy in said board of examiners by death, resignation or otherwise shall be filled in the same manner as above specified: Provided, That the governor shall have the right to reject any or all of the members nominated, upon satisfactory showing as to the unfitness of those rejected. In case of such rejection, former members of the board shall hold over until their successors can be chosen in the manner as above provided.

The members of the board first appointed under the provisions of this section shall be divided into two classes. The first class to consist of the four members from the odd numbered congressional districts of the state, and the second class of the remaining four members, the three from the even number congressional districts with the one from the state at large. The first class shall hold office under the said first appointment for the period of two years, until 1905; the second class for one year from the date of their appointment, until 1904. Thereafter the term of office of the first class shall expire on each odd number year of the calendar, and those of the second class on each even number year of the calendar: Provided, further, That the first nomination herein provided for shall be held at the next annual meeting of said state medical association, and the members of the present board shall continue in office until their successors are appointed and have qualified, as hereinbefore provided. The governor shall appoint three competent homeopathic physicians from the state at large, who shall constitute a state board of homeopathic medical examiners, whose term of office, powers, duties, modes of procedure and compensation shall be the same as those of the regular state board herein provided for: Provided, That no applicant who has failed or who may hereafter fail in his examination by the state board of medical examiners shall be allowed to present himself or herself before the state board of homeopathic examiners for examination: Provided, further, That no graduate of any medical college requiring less than a four years' course of study will be eligible for examination before this board.

Sec. 4. Said board of medical examiners shall meet regularly at Columbia, S. C., on the second Tuesday in June of each year, and continue in session until all applicants are duly examined.

A majority of said board shall constitute a quorum for the transaction of business. At their first meeting they shall organize by the election of a chairman and a secretary, who shall also be treasurer, and said board shall have power to call extra meetings, when necessary, and to make all necessary by-laws and rules for their government.

Sec. 5. It shall be the duty of said board, when organized, to examine all candidates for examination, as hereinafter provided and described, and to pass upon their qualifications and fitness to practice medicine in this state, and to give to each successful applicant a certificate to that effect, upon the payment of ten dollars to the treasurer of said board. In case of failure, half of the fee (\$5.00) is to be returned to applicant. Such certificate of qualification shall entitle the holder or holders thereof,

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

respectively, to be registered as a lawful practicing physician by the clerk of court of the county in which he or she, or they, may reside, upon payment to said clerk of court of a fee of twenty-five cents for each registration. No physician will be considered as a legally qualified practitioner, or as having fully complied with the law, until he shall have obtained said registry. In the interim between the meetings of the board the president and secretary of the board shall be allowed to grant temporary license to practice medicine until the next regular meeting of the board to such persons as would, under the above sections, be eligible for examination. Said temporary license shall not entitle the holder to registry with the clerk of the court of the county in which he resides, but at the next regular meeting of the board the applicant must come up for the regular examination for permanent license.

Sec. 6. All persons who hold diplomas from any medical college or schools of established reputation, given prior to the passage of this act, and who present certificates of their good moral character, and their sobriety, from some reputable person or persons known to the board, and who give evidence of sufficient preliminary education (equivalent to the possession of a teacher's first grade certificate), shall be eligible for examination before the board, irrespective of their time of attendance upon medical lectures; but no person who shall graduate after the passage of this act shall be eligible to appear before the board for examination unless he or she shall give evidence, in addition to sufficient preliminary education, that he or she has attended four full courses of lectures of at least twenty-six weeks each, no two courses being in the same year, and has received a diploma of M. D. therefrom.

Sec. 7. The curriculum of the state board of medical examiners shall be divided into two sections; the first comprising the junior or primary branches of medical education, hereafter to be designated as the junior curriculum. The second, comprising the senior and clinical portion of medical education, hereafter to be designated as the senior curriculum. The junior curriculum shall comprise the following branches, namely:

1. General anatomy.
2. Physiology and histology.
3. Materia medica and medical botany.
4. Chemistry, organic and inorganic, and medical physics.
5. Bacteriology and pathology.

The senior curriculum shall comprise:

1. Anatomy, regional or surgical.
2. Practical hygiene and sanitary science, state medicine.
3. Practical uranalysis, urinary microscopy.
4. Therapeutics and toxicology.
5. Surgery, general and special, surgical procedure.
6. Practical medicine and diseases of children.
7. Practical obstetrics and gynecology.
8. Medical jurisprudence.

Said examinations shall be conducted either in writing or orally, or both, at the discretion of the Board.

Sec. 8. All applicants before the board, holding a diploma from a four-year graded medical college of established reputation, whether in or out of the state, who have pursued a study of four separate courses, and have attained a mark of not less than seventy-five per cent on each individual branch of their curriculum, as evidenced by certificate from the dean of their college, shall be exempted from examination in the junior curriculum, and shall be examined only on those subjects contained in the senior curriculum, as heretofore outlined. Those applicants who hold diplomas issued by chartered medical colleges, but whose term of attendance has been less than four years, as above stated, must pass upon both the junior and senior curriculum, as must also those attending a four years' course who cannot produce a certificate showing that they have attained a mark of seventy-five per cent on all the branches of their college curriculum.

Sec. 9. The board shall be empowered without examination to endorse, upon receipt of the license fee of five dollars, the licenses issued by other state boards having an equal standard: Provided, Said other boards accord to the licenses of the South Carolina state board the same courtesy; and said other state board licenses, when endorsed, shall entitle the holder to registry in this state, and to all the rights and privileges thereby granted.

Sec. 10. The standard required by the state board of medical examiners shall be an average of not less than seventy-five per cent on all the branches examined upon, and not less than sixty per cent on any individual branch.

Sec. 11. The board shall keep a record of all the proceedings thereof, and also a record or register of all applicants for a license, together with his or her age, time spent in the study of medicine, and the name and location of all institutions granting such applicant's degrees or certificates of lectures in medicine or surgery. Said books and register shall be prima facie evidence of all the matters therein recorded.

Sec. 12. The members of said examining board shall receive for their services the same per diem and mileage as is paid to the members of the general assembly, for each day engaged. Said compensation to be paid from the state treasury, upon the certificate of the president of the board, countersigned by the secretary. The license fees collected from applicants shall be turned into the state treasury. There shall be set aside from said fees each year the sum of fifty dollars (if so much be needed), as a contingent fee, for the purpose of supplying the secretary with necessary stamps and stationery, and to print the proceedings of the board.

Sec. 13. It shall be unlawful for any person or persons to practice medicine in this state who has failed to comply with the provisions as above cited, and any one violating the provisions of this act shall be deemed guilty of a misdemeanor, and for

each offense, upon conviction by any court of competent jurisdiction, shall be fined in any sum not less than fifty dollars nor more than three hundred dollars, or imprisonment in the county jail for a period of not less than thirty nor more than ninety days, or both, at the discretion of the court; one-half of said fine to go to the informant and the other half to the state: Provided, That dentists and midwives, and those engaged solely in the practice of osteopathy, shall not be subject to the provisions of this section. Nothing contained in this act shall in any way affect or apply to physicians and surgeons who have already registered in accordance with the law now of force, nor shall it apply to commissioned medical officers of the United States army or navy, or the United States marine hospital service, nor shall it include physicians or surgeons residing in other states and called in consultation in special cases with physicians or surgeons residing in this state, nor to physicians or surgeons residing in this state, nor to physicians, graduates of any reputable college, who have been practicing medicine for five years: Provided, That nothing contained in this act shall in any way affect any person having a diploma from any legally chartered and regularly conducted school of osteopathy: Provided, further, That nothing in this act shall be so construed so as to allow osteopaths to prescribe medicines and practice surgery: Provided, further, That the said osteopaths submit their diplomas or certificates of graduation from such college to the state board of medical examiners, who shall grant a permit to practice osteopathy without examination upon the payment of a fee of five dollars to the said board.

Sec. 14. In no case, wherein the provisions of this act shall have been violated, shall any person so violating be entitled to receive a compensation for services rendered. But all persons now practicing, in accordance with the law now of force, or who may hereafter practice medicine or surgery, as herein provided, shall be entitled to charge, sue for and collect for their services.

Sec. 15. Upon the refusal of the said board to grant a license to any applicant, an appeal may be had to the governor, who may order a re-examination of the applicant, to be held in the presence of the dean of the faculty of any medical college in this state, and a committee composed of seven practicing physicians.

Sec. 16. All acts and parts of acts inconsistent herewith are hereby repealed.

Approved the 27th day of February, A. D. 1904.

Reciprocity.—The board is empowered to endorse without examination, on receipt of the regular fee (\$10), the licenses issued by other state boards having an equal standing. The board now reciprocates with Illinois, Kansas, Maine, Maryland, Michigan, Minnesota, Missouri, Nevada, Texas, Utah, Virginia, West Virginia, Wisconsin, and Wyoming.

## SOUTH DAKOTA.

### CAPITAL, PIERRE.

Population of State, 455,185.

(State Census of 1905.)

Number of Physicians, 560.

November 2, 1889, what was previously the Territory of Dakota, extending from the Canadian boundary on the north to the north line of Nebraska on the south, was divided into two nearly equal parts, and admitted to the Union as North and South Dakota. The land surface of the latter is, approximately, 76,850 square miles. It extends from 43 degrees to 46 degrees north latitude, and from 96 degrees 22 minutes 30 seconds to 104 degrees west longitude, and is bounded on the north by North Dakota on the east by Minnesota and Iowa, on the south by Nebraska, and on the west by Wyoming and Montana. It has an average length of 206 miles, with an average breadth of 375 miles. The temperature varies during the year from 34 degrees below zero to 103 degrees Fahrenheit. The average rainfall is about 27 inches, and as it mostly occurs during the warm season, it is most beneficial to vegetation. The climate is more mild and genial than the latitude would seem to warrant, and the winters, though cold, are dry, and the air is bracing and invigorating. Owing to the elevation, malarial diseases are almost unknown, while pulmonary complaints are comparatively rare. Spring opens earlier than in eastern states in the same latitude.

For list of Medical Colleges, see page 152.

### STATE BOARD OF HEALTH.

Pres. W E Moore, M D, Tyndall; V-Pres. R H Dott, M D, Salem; Supt. H A Peabody, M D, Webster; L F Babcock, M D, Deadwood; W H Lane, M D, Miller.

### HEALTH OFFICERS AT PRINCIPAL POINTS.

Aberdeen—H E McNutt, M D.  
Deadwood—F E Ashcraft, M D.  
Madison—F H Files, M D.  
Mitchell—R C Warne, M D.  
Pierre—C M Hollister, M D.  
Sioux Falls—T J Billion, M D.  
Vermillion—A A Cotton, M D.  
Yankton—E M Morehouse, M D.

### STATE BOARD OF MEDICAL EXAMINERS.

Pres. A A Cotton, M D, Vermillion; V-Pres. H S Graves, M D, Hurley; Sec. H E McNutt, M D, Aberdeen; J M Walsh, M D, Ft Pierre; F S Howe, M D, Deadwood; F W Freyberg, M D, Mitchell; L G Hill, M D, Watertown.

#### MEDICAL LAWS OF SOUTH DAKOTA.

(H. B. 150.)

#### ESTABLISHING A BOARD OF MEDICAL EXAMINERS.

AN ACT to establish a Board of Medical Examiners, making an appropriation for the same, regulating the practice of medicine, surgery and obstetrics, providing for licensing physicians and surgeons, and providing for penalties for violations of such regulations of the practice of medicine, surgery and obstetrics.

Be it Enacted by the Legislature of the State of South Dakota:

Section 1. Board Created.—There is hereby created a board of medical examiners for the purpose of examination, regulation, licensing and registration of physicians and surgeons in the state of South Dakota. Said board shall consist of seven members, who shall have been residents of the state of South Dakota for not less than five years preceding their appointment, not more than two of whom shall be from the same county.

Sec. 2. Governor to Appoint.—The governor shall immediately after the taking effect of this act appoint seven skilled and capable physicians who shall constitute said board, two of whom shall hold their office for one year, two for two years, and three for three years from the date of their respective appointments, and until their successors are appointed, and the governor shall each year thereafter on or before the third day of July appoint for the term of three years two (2) or three (3), as the case may be, skilled and capable physicians to fill the vacancies caused by the expiration of the terms of such members as above provided. The governor shall fill by appointment all vacancies occasioned by death or otherwise.

Sec. 3. Board—Of Whom Consist.—The said board shall consist of not more than four members from the school known as regular, not more than two from the school known as homeopath, and not more than one from the school known as eclectic. Five members of this board shall constitute a quorum for the transaction of business.

Sec. 4. Meeting of—Election of Officers—Bond of.—The board shall meet at Huron, South Dakota, at a date to be named by the governor, for organization in 1903, and shall elect from their number a president, vice-president, and secretary, who shall also act as treasurer, and all officers shall be elected annually thereafter. Said board shall procure a common seal. The secretary and treasurer shall execute a bond to the state of South Dakota in the penal sum of two thousand dollars (\$2,000), with two or more sufficient sureties. Said bond shall be conditioned upon the faithful discharge of his duties, and shall be approved by the governor.

Sec. 5. Meetings—When Held.—The board shall hold two regular meetings each year, beginning on the second Wednesday of July, and the second Wednesday in January of each year, and such additional meetings at such times and at such places as the board may deem advisable. The board shall have power to make rules and regulations for the government of the said board and its officers, and for the proper discharge of its duties.

Sec. 6. Record Must be Kept.—Said board shall keep a record of all proceedings thereof, and also a record or register of all applicants for a license, together with his or her age, time spent in the study of medicine, and the location and name of all the institutions granting to such applicants degrees or certificates of lectures in medicine or surgery; such register shall also show whether such applicant was rejected or licensed under this act. Said record or register shall be prima facie evidence of all matters therein recorded. No member of the said board shall belong to any faculty of any medical college or university, nor shall any one of them be financially interested in the manufacture or sale of drugs, or the practice of pharmacy.

Sec. 7. Application for License—Qualification of Applicant.—On and after the taking effect of this act all persons desiring to begin the practice of medicine or surgery or obstetrics in any of their branches in this state shall make application to said board for a license to practice medicine, surgery or obstetrics in the state of South Dakota. Such license shall be granted to such applicants who shall give satisfactory proofs of being at least twenty-one (21) years of age and of good moral character, but only on compliance with the following conditions: The applicant shall be given such license if he shall pass an examination before the board upon the following subjects: Anatomy, physiology, chemistry, pathology, therapeutics, practice of medicine, surgery, obstetrics, gynecology, disease of the eye and ear, bacteriology, medical jurisprudence, and such other branches as the board may deem advisable, and in addition thereto shall present evidence of having attended four full courses of lectures of at least twenty-six (26) weeks each in a legally organized and reputable medical college recognized by the board of medical examiners, no two courses being in the same year, and of having received a diploma from a legally organized and reputable medical college which shall be in good standing, as shall be determined by the board, and said

South Dakota

diploma must be submitted to the board for inspection and verification; provided, that the four courses of lectures of six months each shall not apply to applicants who graduated prior to 1898.

Sec. 8. Examination—How Conducted.—Said examination shall be conducted as follows: First, the applicant shall, before being permitted to take the examination, pay the secretary of the board an examination fee of twenty dollars (\$20). Second, the examination shall be in writing, oral, or both, as the board may determine. Third, the questions on all subjects except therapeutics and practice of medicine shall be such as may be answered alike by all schools of medicine. The applicant shall, if possible, be examined in therapeutics and practice of medicine by those members of the board belonging to the same school as the applicant, and a license and certificate shall not be refused any applicant because of his adherence to any particular school of medicine. The average percentage of at least seventy-five per cent of correct answers shall be required of every applicant. Any applicant who shall not pass the said examination shall be eligible to a second examination at the next regular meeting of the board or at such time as the board may designate, without an additional examination fee.

Sec. 9. License.—Said board shall grant a license to practice medicine, surgery and obstetrics in all their branches in the state of South Dakota to each applicant who has satisfactorily passed the said examination and has fulfilled all other requirements of this act. Said license can only be granted by the consent of not less than five (5) members of the said board and which said license shall be signed by the president and secretary of the said board and attested by the seal of the board. All examination papers, together with the lists of questions answered, shall be kept for reference and inspection for a period of not less than three (3) years.

Sec. 10. License Without Examination—When.—The said board may, in its discretion, accept and license, upon the payment of the license fee, without examination of the applicant, any license which shall have been issued to him by the examining board of the District of Columbia, or any state or territory of the United States; provided, however, that the legal requirements of such examining board shall have been at the time of issuing such certificate or license in no degree or particular less than those of the state of South Dakota at the time when such certificate or license shall be presented for registration to the board created by this act; and provided, further, that the provisions in this section contained shall be held to apply only to such of said medical examining boards as accept and register the certificate or license granted by this board without examination by them of the persons holding such certificates or licenses. Each applicant upon making application under the provisions of this section shall pay to the secretary of the board a license fee of twenty dollars (\$20).

Sec. 11. Board May Refuse to Grant License.—The board shall have the power and authority to refuse to grant a license under this act for unprofessional, immoral or dishonorable conduct on the part of the applicant. The action of the board in refusing to grant a license under this act shall be final.

Sec. 12. May Revoke License.—That board shall have the power and authority to revoke any license of any physician or surgeon heretofore or hereafter granted or issued upon complaint made to it on oath by one responsible person, if it shall satisfactorily appear to the board either, first, that such physician or surgeon has been guilty of unprofessional, immoral or dishonorable conduct; or, second, that such physician or surgeon has been convicted of a felony; or, third, if such physician or surgeon publicly professes or claims to cure or treat disease, injury or deformity in such a manner as to deceive the public; or, fourth, gross professional incompetency; provided, that such license shall not be revoked except after a hearing before the board of medical examiners at which at least five members of such board shall be present and of which hearing the person holding the license to be revoked shall have had not less than ten days' written notice of the time and place of said hearing, and only upon due proof of the facts stated in the complaint.

Sec. 13. Unprofessional or Dishonorable—Meaning of.—The words unprofessional or dishonorable conduct as used in Sections 11 and 12 of this act are hereby declared to mean, first, procuring or aiding or abetting a criminal abortion. Second, the employing of what is known as cappers or steerers. Third, the obtaining of any fee on the assurance that a manifestly incurable disease can be permanently cured. Fourth, wilfully betraying a professional secret. Fifth, all advertising of medical business in which untruthful or improbable statements are made or which are calculated to mislead or deceive the public. Sixth, all advertising of any medicine, or any means whereby the monthly periods of women can be regulated or the menses re-established if suppressed. Seventh, conviction of any offense involving moral turpitude. Eighth, habitual intemperance.

Sec. 14. Persons Aggrieved May Appeal.—All persons feeling aggrieved by the action of the board in revoking their license may appeal to the circuit court of the county in which the person whose license is revoked resides, in the same manner as now provided which the person whose license is revoked resides, in the same manner as now provided by law in cases of appeal from the decision of a board of county commissioners, and the perfection of such appeal shall operate as a stay to the revocation of said license until the final determination thereof by the court: Provided, however, that at any time during the pendency of such appeal the said board may appeal to the court for a temporary injunction restraining the appellant from the practice of medicine, surgery or obstetrics, until the final determination and judgment on such appeal, which said injunction may in the discretion of the court be issued without the requirement of any bond.

Sec. 15. License Must be Recorded.—The person receiving a license to practice shall have the same recorded in the office of the register of deeds in the county where he resides and practices. The said register of deeds shall in July and January of each year furnish the secretary of the state board of medical examiners a list of all licenses so recorded.

Sec. 16. Moneys Must be Paid to State Treasurer.—All moneys received by the said board shall be paid to the state treasurer and shall be credited to the general fund of the state, and a receipt in duplicate for the same shall be filed with the secretary of said board of medical examiners, and in the office of the state auditor.

Sec. 17. Compensation of Members of Board.—Each member of the board shall receive as compensation the sum of five dollars (\$5) per day for each day actually in attendance upon the meetings of the board, and five cents for each mile necessarily traveled, and his necessary expenses while attending such meetings. The secretary of the board of medical examiners shall receive as compensation for his services the sum of eight hundred dollars (\$800) per annum, which salary shall be in full for his services as a member of the board. All bills for stationery, postage and other necessary expenses shall be approved by said board and sent to the auditor of the state, who shall draw his warrant upon the state treasurer for the amount due.

Sec. 18. Medical Board Fund Established.—There is hereby established a fund to hereby appropriated out of the moneys in the state treasury not otherwise appropriated to meet the expenses of carrying out the provisions of this act for two years, namely, two thousand dollars (\$2,000) for the year beginning February 15th, 1903, and ending February 14th, 1904, and two thousand dollars (\$2,000) for the year beginning February 15th, 1904, and ending February 14th, 1905. And the state treasurer is hereby directed and required to set such sum apart to the credit of such fund subject to the orders and disbursements as herein provided for. The money in the said fund shall only be paid out by the state auditor's warrant on said fund, on an order drawn by the secretary of the said board and countersigned by the president.

Sec. 19. Itinerant Physicians Must Procure Itinerant Licenses.—Any physician practicing medicine, surgery or obstetrics, or professing or attempting to treat, cure or heal diseases, ailments or injuries by any medicine, appliance or method, who goes from place to place, or from house to house, or by circulars, letters or advertisements, solicits persons to meet him or her for professional treatment at places other than his office at the place of his permanent residence, is hereby declared to be an itinerant physician, and shall, in addition to the ordinary physician's license as in this act provided, procure an itinerant's license from the state board of medical examiners, for which he shall pay to the secretary of the board the sum of five hundred dollars (\$500) per annum. Upon the payment of said sum of five hundred dollars (\$500) the board shall issue to the applicant therefor a license to practice within the state as an itinerant physician for one year from the date thereof. The board may for the same reasons as specified in Sections 11; 12 and 13 of this act refuse to issue such itinerant's license, or having issued it, may revoke it for the same reasons as specified in Sections 11, 12 and 13 hereof.

Sec. 20. Penalty for Practicing Without a License.—Any person practicing medicine, surgery or obstetrics in any of their branches as an itinerant physician, as in Section 19 hereof defined, without having procured such itinerant license, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than five hundred dollars (\$500) nor more than eight hundred dollars (\$800), or by imprisonment in the county jail not less than thirty days nor more than ninety days, or by both such fine and imprisonment.

Sec. 21. Unlawful to Use Title and Prescribe.—When.—When a person shall append or prefix the letters M. B., or M. D., or the title Dr. or Doctor, or any other sign or appellation in a medical sense to his or her name, or shall profess publicly to be a physician or surgeon, or who shall recommend, prescribe or direct for the use of any person any drug, medicine, apparatus or other agency for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture or bodily injury or deformity, after having received or with the intent of receiving therefor, either directly or indirectly, any bonus, gift or compensation, shall be regarded as practicing within the meaning of this act.

Sec. 22. This Act Not Applicable When.—This act shall not apply to the commissioned surgeon of the United States army, navy or marine hospital service in actual performance of their duties, nor to regularly licensed physicians or surgeons from outside this state in actual consultation with physicians of this state, nor to dentists or osteopaths in the legitimate practice of their profession, nor to Christian Scientists as such, who do not practice medicine, surgery or obstetrics by the use of any material remedies or agencies, nor to resident physicians and surgeons of this state regularly licensed and practicing in this state at the time of the taking effect of this act.

Provided, however, that the license heretofore or hereafter granted to any physician or surgeon may be revoked for the same reason and in the same manner as stated and provided in Sections 12 and 13 hereof.

Sec. 23. Presentation of Fraudulent Diplomas—Penalty.—Any person who shall present to the board of medical examiners a fraudulent or false diploma, or one of which he is not the rightful owner, for the purpose of procuring a license as herein provided for, or who shall file or attempt to file with the register of deeds of any county in the state a license of another, representing the same to be his own, or shall falsely personate any one to whom a license has been granted, or who shall file or attempt to file with the register of deeds of any county in the state, a license of another with the name of the party to whom it was granted or issued erased and his own name inserted in its place, or who shall file or attempt to file with the board of medical examiners any false or forged affidavits of identification, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than fifty dollars (\$50) nor more than one hundred dollars (\$100), or by imprisonment in the county jail for a period of not more than thirty days, or by both such fine and imprisonment.

Any person who shall practice medicine or surgery or obstetrics in any of their branches in this state without having obtained a license as in this act provided shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of

not less than fifty dollars (\$50) nor more than one hundred dollars (\$100), or by imprisonment in the county jail for a period of not more than thirty days, or by both such fine and imprisonment; provided, that the provisions of this section shall not apply to the provisions of Sections 19 and 20 of this act, nor modify or change the penalties prescribed in Section 20 hereof.

Sec. 24. Duty of State's Attorney.—It shall be the duty of the state's attorney to prosecute any and all violations of this act committed in his county.

Sec. 25. Repeal.—All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

Sec. 26. Emergency.—An emergency is hereby declared to exist, and this act shall take effect and be in force from and after its passage and approval.

Approved March 5, 1903.

## TENNESSEE,

CAPITAL, NASHVILLE.

Population of State, 2,020,616.  
(U. S. Census, 1900.)

Number of Physicians, 3,834.

Tennessee originally formed part of North Carolina, but was ceded to the United States in 1784 and admitted as a state June 1, 1796. It has, according to the United States Census of 1900, a population of 2,020,616, as against 1,767,518 in 1890, representing an increase during the decade of 253,098, or 14.3 per cent. The following table shows increase in population since 1830:

1830.....	681,904	1870.....	1,258,520
1840.....	829,210	1880.....	1,542,359
1850.....	1,002,717	1890.....	1,767,518
1860.....	1,109,801	1900.....	2,020,616

The state contains 42,050 square miles, including 300 square miles of water. From east to west it is 432 square miles, and from north to south 109 miles, taking the greatest length and width. A diagonal line drawn from the northeast corner of Johnson county to the southwest corner of Shelby would be 500 miles long. It lies between 35 degrees and 36 degrees 30 minutes north latitude, and 81 degrees 37 minutes and 30 degrees 28 minutes west longitude, and is bounded on the north by Kentucky and Virginia, and on the south by Georgia, Alabama and Mississippi, on the east by North Carolina, and on the west by Arkansas and Missouri. The climate of Tennessee combines humidity and sunshine, cold and warmth in just such proportions as to produce the highest degree of perfection in the

Tennessee

greatest variety of crops, and statistics show it to be altogether the most healthful of all the states. The mean annual temperature as observed at Nashville is 58.32, that of the summer 76.32 and of the winter 39.67. The annual rainfall is about 53 inches, which is always a satisfactory guarantee of bountiful crops, while such things as drouths, cyclones and ruinous freezes are unknown.

Tennessee is divided into three grand civil or political divisions, known as East Tennessee, Middle Tennessee and West Tennessee.

1. East Tennessee. This comprises all the territory from the North Carolina line to about the center of the Cumberland Tableland, containing 13,112 square miles, with an average elevation above the sea of 1,000 feet. East Tennessee is noted for its fine water powers, mineral waters, marble, iron ores, zinc, copper, lead, coal, gold and silver, valuable hard woods, high mountains and fertile valley lands, the most productive to be found. The counties lying in East Tennessee are: Anderson, Bledsoe, Blount, Bradley, Campbell, Carter, Claiborne, Cocke, Grainger, Green, Hamblen, Hamilton, Hancock, Hawkins, James, Jefferson, Johnson, Knox, Loudon, Marion, McMinn, Meigs, Monroe, Morgan, Polk, Rhea, Roane, Scott, Sequatchie, Sevier, Sullivan, Union, Unicoi and Washington, in all thirty-four counties.

2. Middle Tennessee. This division extends from the dividing line on the Cumberland Tableland to Tennessee river, embracing in its area 18,126 square miles; in what is known as the great Central Basin, or blue-grass region of Tennessee, where are to be found some of the grandest stock farms in the world. It is the home of the Short-horn and the Jersey, as well as of the fleet-footed racers and trotters, while sheep and hogs, mules and asses are raised here in this Central Basin, where bountiful and never-failing crops are the unbroken rule. Counties in Middle Tennessee are: Bedford, Cannon, Cheatham, Clay, Coffee, Cumberland, Davidson, De Kalb, Dickson, Fentress, Franklin, Giles, Grundy, Humphreys, Hickman, Houston, Jackson, Lawrence, Lewis, Lincoln, Macon, Marshall, Maury, Montgomery, Moore, Overton, Perry, Pickett, Putnam, Robertson, Rutherford, Smith, Stewart, Sumner, Trousdale, Van Buren, Warren, Wayne, White, Williamson and Wilson, making forty-one counties in all.

3. West Tennessee. This division extends from the Tennessee river westward to the Mississippi, containing 10,512 square miles, exclusive of surface permanently covered by water. In this grand division of the state is grown some of the finest cotton produced in the world, as well as nearly all the regular field crops and small fruits. The major portion of West Tennessee is level and very fertile, but in some sections the surface is broken and irregular, though even here the soil is generally productive and fruits grow in abundance. It is here that we find the alluvial Mississippi bottoms, where the soil is as rich and deep as the famous Valley of the Nile. The West Tennessee counties are: Benton, Carroll, Chester, Crockett, Decatur, Dyer, Fayette, Gibson, Hardeman, Hardin, Haywood, Henderson, Henry, Lake,

Lauderdale, Madison, McNairy, Obion, Shelby, Tipton and Weakley, making twenty-one in all.

The state has over 3,000 miles of railway, giving direct transportation to seventy-four out of the ninety-six counties. This state has more miles of navigable streams to the square mile than any other state. The Tennessee river crosses the state twice. The Cumberland river, rising in Eastern Kentucky, sweeps in a semi-circle through the fairest portion of the state, giving to it 304 miles of navigable water, and the Mississippi washes its entire western limit. Many of the tributaries of these principal affluents are navigable. It is estimated that altogether Tennessee has over 1,200 miles of navigable water.

For list of Medical Colleges, see page 152.

#### STATE BOARD OF HEALTH.

Pres, Heber Jones, M D, Memphis; V-Pres, T E Abernathy, M D, Chattanooga; Hon John Thompson, Nashville; R E Fort, M D, Nashville; Sec and Executive Officer, J A Albright, M D, Memphis; Asst Sec, J S Hamel, Nashville; State Bacteriologist, Louis Leroy, M D.

MEDICAL LAW OF TENNESSEE.

CHAPTER 78.

House Bill No. 478.

A BILL to be entitled, An Act to regulate the practice of medicine and surgery in the State of Tennessee, and to define and punish offenses committed in violation of this Act; and to repeal an Act passed April 3, 1889, and approved April 4, 1889, and being Chapter 178 of the Acts of 1889, entitled "An Act to regulate the practice of medicine and surgery in the State of Tennessee;" and to repeal all Acts amendatory of said Chapter 178 of the Acts of 1889.

Section 1. Be it Enacted by the General Assembly of the State of Tennessee, That no person shall practice medicine in any of its departments within this state unless and until such person shall have obtained a certificate of license from the State Board of Medical Examiners hereinafter created, and shall have recorded it in the County Court Clerk's office in the county or counties in which he proposes to practice; Provided, however, that the provisions of this Act shall not apply to any person or persons who at the time of its passage are duly and regularly licensed by law to practice medicine in any of its branches in this State.

Sec. 2. Be it Further Enacted, That there shall be a Board, to be known as the State Board of Medical Examiners, and to consist of six graduated physicians of not less than 6 years' experience each in the practice of medicine or surgery, one or both, two of whom shall reside in each grand division of the State, and whose duty it shall be to examine into the qualifications of all applicants for certificates of license to practice medicine or surgery in this State; Provided, however, that the three schools of medicine shall be represented on said Board of Examiners as follows: Four representatives from the regular school of medicine, one from the eclectic, one from the homeopathic school of medicine; and, provided, also, that no member of said Board shall be connected with any medical college of the State or State Board of Health.

Sec. 3. Be It Further Enacted, That the members of said Board shall be appointed by the Governor, and shall hold office for a term of four years; but all vacancies occurring in the Board by reason of death or resignation shall be filled by the Board itself for the unexpired term; Provided, however, that the first Board shall be appointed upon the expiration of the term of the present Board, shall be appointed as the term of the present members of the Board expires, and shall within thirty days from said appointment meet and organize, and shall serve, one from each grand division of the State, for two years, and one from each grand division for four years, deciding by lot or agreement among themselves as to their respective terms of office.

Sec. 4. Be It Further Enacted, That the State Board is authorized to elect from its own members a President and Secretary, and to create such other offices and to adopt such by-laws as may be necessary and proper for the efficient operations of the Board. Three members shall constitute a quorum, and a majority of those present shall be necessary to reject any application; but such rejection shall not bar the applicant from a re-examination after the lapse of six months.

Sec. 5. Be It Further Enacted, That a regular meeting of the Board shall be held once each year in the city of Nashville, Tennessee, so long as the period of temporary licenses hereinafter provided for shall continue, and shall thereafter be held semi-annually in the said city of Nashville; but special meetings may be held oftener upon the call of the President.

Sec. 6. Be It Further Enacted, That persons desiring to obtain a certificate of license to practice medicine or surgery in this State shall make application therefor in writing to said State Board of Medical Examiners, which application shall be accompanied by the examination fees hereinafter prescribed, and by satisfactory proof that the applicant is of good moral character. When these preliminary requirements are satisfied, the applicant shall then present himself before the Board for examination upon the following branches, viz: Anatomy, Physiology, Chemistry, Pathology, Surgery, Obstetrics, Materia Medica, and Practice; but the member or members of the Board representing each separate school of medicine shall have the right to examine all applicants of that school in the branches peculiar to the teachings of that school, and the Board shall accept the grade placed by such member or members upon such special branches; Provided, however, that graduates of any reputable medical college in the State of Tennessee shall, until June 1, 1902, be granted a certificate of license by said Board without reference to the number or lengths of terms attended, and without the examination hereinabove prescribed; but this proviso shall cease and determine after June 1, 1902.

Sec. 7. Be It Further Enacted, That the two members of said Board in each grand division of the State shall, at such time or times as the Board may direct, meet at some convenient point in their respective divisions for the purpose of examining applicants for permanent licenses. Such meetings shall be held at stated periods, and the questions to be propounded upon such examinations shall have been determined upon in advance by the Board, and shall be identical in each division; and such examinations shall be held on the same day in each division, and under uniform rules and regulations, to be adopted by the Board. The examination papers shall be sealed up and carried to Nashville to the annual meeting of the Board, at which time they shall be examined, graded, and passed upon by the Board in annual session, and the results declared and certificates issued to those entitled to receive them. The Board, or any of its respective sections, may, at the option of the members, supplement such written examination by an oral examination, and the recorded value of such oral examination may be given such importance as each member of the Board sees fit.

Sec. 8. Be It Further Enacted, That, if the applicant for examination shall thereupon be found worthy and competent by the Board, it shall issue to him a certificate of permanent license, in accordance with the facts in each case, to practice medicine or surgery in this State.

Sec. 9. Be It Further Enacted, That, in order to prevent delay and inconvenience, the two members of the Board of any grand division of the State may grant a certificate of temporary license to any applicant who is permanently located as a resident of some designated place in that division of the State, upon satisfactory evidence to them that such applicant possesses the qualifications hereinabove required, and upon examination by them of such applicant in the subjects named in Section 6 of this Act, and make report thereof to the next regular meeting of the Board. Such temporary license shall not continue in force longer than until the conclusion of the next regular meeting of the Board, and shall in no case be granted within six months after the applicant has been refused a certificate of license by the Board; Provided, that after January 1, 1903, no certificate of temporary license shall be issued. (The Legislature of 1903 extended the Temporary License provision indefinitely.)

Sec. 10. Be It Further Enacted, That the Board of Examiners shall keep a record of their proceedings in a book for that purpose, which book shall be open for inspection, and shall record the name of each applicant, the time of granting a certificate of license, the names of the members of the Board present; and where a certificate of license is denied by the Board to any applicant under authority of this Act, the fact and ground of such denial shall be entered on the minutes of the Board, and shall be communicated in writing to such applicant.

Sec. 11. Be It Further Enacted, That the Board is empowered to demand a fee of ten dollars for an examination for a certificate of permanent license, and five dollars for an examination for a certificate of temporary license, and to demand for the issuance of a certificate of permanent license five dollars, and for the issuance of a certificate of temporary license one dollar.

Sec. 12. Be It Further Enacted, That any person thus receiving a certificate of license, whether permanent or temporary, from the State Board of Medical Examiners shall forthwith have it recorded in the office of the County Court Clerk of the county in which he proposes to practice, and the date of such recording shall be endorsed thereon; and such license, when so recorded shall not be collaterally questioned in any legal proceeding. Until the license is recorded the holder shall not exercise any of the rights or privileges therein conferred, and, in case said license is not recorded within three months from the date of its issuance, it shall become invalid. The Clerk shall be paid a fee of fifty cents for recording said certificate. Any registered physician removing his residence from one county in this State to another, in order to practice medicine, shall in like manner record the certificate of license in the county to which he removes, and the holder of the certificate shall pay to the County Court Clerk the usual fee for so doing. Practitioners who have registered in the county in which they reside may go from one county to another on professional business without being required to register.

Sec. 13. Be It Further Enacted, That the County Court Clerk of each county shall keep, in a book to be provided for that purpose, a complete list of the certificates of license recorded by him, together with the date of each, and the date of recording. He shall, further, record the name of the medical college which conferred the diploma on which the certificate is based, and the date when conferred; and the Clerk shall hereafter, beginning with the first Monday in July, 1901, and regularly at the expiration of every six months thereafter, report to the Secretary of the said Board of Medical Examiners a list of such registrations in his office, together with a list of the deaths and removals from his county of physicians who have thus registered, for which service the Clerk shall be paid, out of the funds of the Board, ten cents for each name so reported. This register of the County Court Clerk shall be open for inspection during business hours.

Sec. 14. Be It Further Enacted, That the members of said Board shall receive as a compensation for their services ten dollars per day while in the actual service of the Board, and also their actual hotel and traveling expenses by the most direct route to and from their respective places of residence, which, together with the necessary expenses of each meeting of the Board, shall be paid out of any moneys in the treasury of the Board, upon the certificate of the President and Secretary.

Sec. 15. Be It Further Enacted, That the Board shall have the right and power to revoke any license upon the ground that it was procured by fraud, or that the licensee has been guilty of unprofessional or dishonorable conduct.

Sec. 16. Be It Further Enacted, That the words, unprofessional or dishonorable conduct, as used in Section 15 of this Act, are hereby declared to mean:

First—By procuring or aiding or abetting in procuring a criminal abortion.

Second—The obtaining of any fees on the assurance that a manifestly incurable disease can be permanently cured.

Third—The willfully betraying of a professional secret.

Fourth—All advertising or medical business in which untruthful and improbable statements are made.

Fifth—All advertising of medicine or means whereby the monthly periods of women can be regulated or menses re-established if suppressed.

Sixth—Conviction of any offense involving moral turpitude.

Seventh—Habitual intemperance or excessive use of narcotics.

Sec. 17. Be It Further Enacted, That it shall be unlawful for any itinerant physician or person, vendor of any drug, nostrum, ointment, or application of any kind, intended for the treatment of diseases or injury, to sell or apply the same; or for such itinerant physician or vendor, by writing, printing, or other methods, to profess to cure or treat diseases or deformity by any drug, nostrum, manipulation, or other expedient in this State, and whoever shall violate the provisions of this section of this Act shall be guilty of a misdemeanor, and, upon conviction thereof, before a court of competent jurisdiction, shall be fined in any sum not less than \$100 and not exceeding \$400.

Sec. 18. Be It Further Enacted, That any person who shall not at the time of the passage of this Act be duly and regularly licensed by law to practice medicine or

1737

surgery in this State, and who shall, notwithstanding, practice medicine or surgery in this State without having first complied with the provisions of this Act, shall, for each and every instance of such practice, be guilty of a misdemeanor, and, on conviction thereof be fined in the sum of not less than \$10 nor more than \$25; and any person filing or attempting to file, as his own, a diploma or license of another, or a forged affidavit of identification, shall be guilty of a felony, and upon conviction thereof, shall be subject to the punishment prescribed by law for the crime of forgery. All fines for offenses under this act shall be paid over to the Board of Medical Examiners, to constitute a part of the funds of said Board.

Sec. 19. Be It Further Enacted, That any person shall be regarded as practicing medicine within the meaning of this Act, who shall treat or profess to treat, operate on, or prescribe for any physical ailment or any physical injury to or deformity of another; Provided, that nothing in this section shall be construed to apply to the administration of domestic or family remedies in cases of emergency, or to the laws regulating the practice of dentistry; and this Act shall not apply to surgeons of the United States army, navy, or marine hospital service, or to any registered physician or surgeon of other States when called in consultation by a registered physician of this State, or to midwives, or to veterinary surgeons, or to osteopaths not giving or using medicine in their practice, or to opticians, or to Christian scientists.

Sec. 20. Be It Further Enacted, That it shall not be lawful for the Board of Medical Examiners, or any member thereof, in any manner whatever, or for any purpose to charge or obligate the State for the payment of any money; and said Board shall look alone to the revenue derived from the operation of this Act for the compensation designated in Section 14 hereof, and, if said revenue is not sufficient to pay each member in full, together with the necessary expenses of the Board, then the amount available shall be pro rated among the members. But, if there should be a greater revenue derived than shall be required to pay the compensation and expenses hereinbefore directed, any surplus remaining therefrom shall be paid to the Comptroller of the State, who shall receipt the Board for the amount so received and shall account for said money as for other State revenue.

Sec. 21. Be It Further Enacted, That the grand jury of each county in this State is hereby given inquisitorial power over all offenses against or violations of this Act, and the Circuit and Criminal Judges shall give the same in their charges to the grand juries. And the Board shall designate one of its members in each grand division of the State, whose duty it shall be to report any violations of this Act to the proper authorities.

Sec. 22. Be It Further Enacted, That it shall be a misdemeanor, and shall disqualify from office, for Board of Medical Examiners to issue a certificate of license to any person only as prescribed or set forth in this Act; Provided, however, if the Board should be disqualified from office, the Governor shall appoint a new Board in full as provided in this Act.

Section 23. Be It Further Enacted, That Chapter 178 of the Acts of 1889, entitled, "An Act to regulate the practice of medicine and surgery in the State of Tennessee," together with all Acts amendatory thereof, to wit: Chapter 109 of the Acts of 1891, Chapter 61 of the Acts of 1897, and Chapter 148 of the Acts of 1899, said amendatory Acts being germane to the purpose and style of the said Act of 1889, and all other laws and parts of laws in conflict with this Act, be, and the same are hereby repealed.

Sec. 24. Be It Further Enacted, That this Act take effect from and after its passage, the public welfare requiring it.

Passed April 20, 1901.

E. B. WILSON,  
Speaker of the House of Representatives.

NEWTON H. WHITE,  
Speaker of the Senate.

Approved April 22, 1901.

BENTON McMILLIN,  
Governor.

### CHAPTER 111.

House Bill No. 294.

An Act to amend Section 1 of Chapter 78 of the Acts of 1901, entitled, A Bill to be entitled, An Act to regulate the practice of medicine and surgery in the State of Tennessee, and to define and punish offenses committed in violation of this Act; and to repeal an Act passed April 3rd, 1889, and approved April 4th, 1889, and being Chapter 178 of the Acts of 1889, entitled "An Act to regulate the practice of medicine and surgery in the State of Tennessee," and to repeal all Acts amendatory of said Chapter 178 of the Acts of 1889.

Section 1. Be it Enacted by the General Assembly of the State of Tennessee, That Section 1 of Chapter 78, Acts of 1901, be amended by adding: and provided further, that the provisions of this Act shall not apply to any graduate of a reputable medical college, who has been a practitioner of medicine or surgery for more than 10 years in the State of Tennessee, at the date of the passage of this Act.

Sec. 2. Be It Further Enacted, That this Act take effect from and after its passage, the public welfare requiring it.

Passed March 27th, 1905.

W. K. ABERNATHY,  
Speaker of the House of Representatives.

E. RICE,  
Speaker of the Senate.

Approved March 30, 1905.

JOHN I. COX,  
Governor.

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

BY-LAWS OF STATE BOARD OF MEDICAL EXAMINERS.  
ARTICLE I.

OFFICERS.

Section 1. The officers of the Board shall be a President, a Vice-President, a Secretary, and a Treasurer. The offices of Secretary and Treasurer may for the present be united and filled by one officer.

Sec. 2. The officers of the Board shall be elected by ballot, and shall serve for three years, or until their successors shall have been elected and qualified. If more than two names are voted for for the same office, after the second ballot, the one receiving the smallest number of votes shall be dropped till a choice is made, a majority of the quorum present being necessary to a choice.

Sec. 3. Five members of the Board shall constitute a quorum for the transaction of any business.

DUTIES OF OFFICERS.

Sec. 4. The different officers of the Board shall discharge the duties that usually pertain to their respective offices.

At each meeting of the Board the President and Secretary shall submit to the Board such reports of its work as they may deem best; provided that at each annual meeting the Secretary and Treasurer shall present a full and detailed report of all matters in any way pertaining to the two offices. The Secretary and Treasurer shall perform such other duties as are imposed upon him by the Act creating the Board, keeping for that purpose all books that may be necessary for the systematic workings of the offices. For his services he shall receive such compensation as may from time to time be allowed him by the Board.

No money shall be paid to the Secretary, except upon an order of the President, after the allowance and appropriation have been made by the Board. All other payments shall be made as provided in the Act.

EXAMINATIONS.

Sec. 5. (a) Examinations shall be both written and oral upon all branches specified in the Act. The written examination shall be conducted in the presence of the Board, such time being allotted to each branch as may be agreed upon by the Board. The same questions for the written examinations in the different branches, as fixed by the Act, shall be given to each applicant for examination, except as provided in the Act as to the different schools of medicine. The examinees shall be required to answer 75 per cent in value of all these questions before any license shall be granted; provided, that in questions on materia medica and therapeutics the value of the answers given shall be determined by the member, or members, of the Board representing the school of medicine the applicant claims to practice.

(b) All examination papers must, when finished, have a certificate appended, stating that the writer has "neither given nor received any assistance whatsoever during the examination," and must be signed by the applicant, giving his post office, age; when, how long, and under what preceptor (if any), and when, how long, and in what college he has studied medicine or attended lectures or graduated; when, where, how long, and at what places (if any) he has practiced medicine, and the school of practice chosen.

At a called meeting of the Board of Medical Examiners, held May 13, 1897, the following resolution in regard to examinations was unanimously adopted:

"Resolved, That the Secretary, in connection with the President, prepare proper blanks, numbering same, for applications for examinations, gathering all information concerning applicants; that these numbered applications be signed by applicant with his full name; that each applicant enclose his application in a sealed envelope provided for the purpose, numbered on the back, and deliver the same to the Secretary before proceeding with his examination; that each one sign his examination papers with simply the number on his application blank, and that papers be passed upon before any envelopes be opened by the Board."

EXAMINATION QUESTIONS.

Sec. 6. At least two (2) weeks preceding any meeting of the Board, when examinations are to be held, the President of the Board shall notify each member of the Board to prepare questions for examination on one or more subjects connected therewith, naming the subjects.\* The members having at once prepared the questions, as requested, shall transmit the same to the President, who shall from them all prepare a list of six (6) or more questions upon each subject, and shall have enough copies of the same printed to furnish each examinee with one copy. When the Board convenes, these questions, as printed, shall all be submitted to the Board, and when approved, or altered and then approved, shall constitute the examination for that meeting. The President may, at his discretion, divide the examinees for their oral examinations among the different members of the Board.\*\*

LENGTH OF TIME FOR EXAMINATIONS.

Sec. 7. Before entering upon the examination of applicants for certificates, the Board shall decide how much time shall be devoted to the examinations, and shall notify the examinees of that decision through the President of the Board.

\*At the meeting of the Board, Feb. 29, 1894, it was agreed to assign the different subjects for examination by lot to the several members of the Board.

\*\*Any member of the Board may examine upon any or all of the different subjects.

## ENGLISH EDUCATION.

Sec. 8. In examining the written answers of the applicants, the evidences of an English education as shown in the papers shall be considered, in determining the fitness of an applicant for license to practice medicine in this State.

## TEMPORARY LICENSE.

Sec. 9. Examinations for temporary license shall always be conducted in writing; and the member of the Board who examines the applicant for temporary license shall, after grading his papers, forward them to the member of the Board living in the same section of the State with him, who shall then examine the papers carefully and rate them, and at once return to the first Examiner. If the average of the two ratings shall reach or exceed 75 per cent., then the first member who made the examination shall make out and sign a temporary license, and forward the same to the second member, who shall then sign and forward to the examinee.

## FEES.

Sec. 10. The fees shall be as fixed in the Act (Section 11). No examination shall be made, either by the whole Board or by any member thereof, nor any temporary license or certificate be issued, till all fees are paid. All fees collected by the members of the Board shall be paid over to the Secretary and Treasurer in full time to make out his report to the Board. When these fees are remitted to the Secretary and Treasurer, they shall be accompanied by a report from the member or members sending them, showing from what sources they are received, giving in detail such information in regard to all applicants for license as may be needed by the Secretary in keeping and properly arranging his books.

# The Dr. Pettey Retreats

LIMITED TO THE TREATMENT OF

## Alcohol and Drug Addictions

**MEMPHIS, TENN.**  
**OAKLAND, CALIF.**

**DENVER, COLO.**  
**ATLANTIC CITY, N. J.**

---

### **MEMPHIS RETREAT**

958 S. 4th St. (Davie Ave.)

GEO. E. PETTEY, M. D.,  
Medical Director.

### **DENVER RETREAT**

425 Broadway

JOHN H. McKAY, B. S., M. D.  
Medical Director.

### **OAKLAND RETREAT**

1849 Dwinell St.

CALVIN L. CASE, M. D.  
Medical Director.

### **ATLANTIC CITY RETREAT**

3303 Pacific Ave.

WM. F. RIDGWAY, M. D.  
Medical Director.

---

These Institutions are owned and controlled by reputable physicians, and are conducted upon strictly ethical lines. They were opened and are maintained solely for the purpose of treating **Alcohol and Narcotic Drug Addictions** by methods based upon the original investigations of Dr. Geo. E. Pettey of Memphis, Tenn., and first published to the profession by him in 1901. (See *Therapeutic Gazette*, Oct., 1901, and subsequent articles.)

The method of treatment introduced by Dr. Pettey removes these addictions from the list of almost incurable diseases and renders them the most certainly and readily curable of all the chronic ailments.

---

For Terms, Address the Retreat Most Convenient to You.

C

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

## TEXAS.

CAPITAL, AUSTIN.

Population of State, 3,048,710.

(U S Census, 1900.)

Number of Physicians, 5,702.

Texas was admitted as a state in 1845 and has a population, according to the U S Census of 1900, of 3,048,710, as

compared with a population in 1890 of 2,235,523, showing an increase during the decade of 813,187 or 36.4 per cent. The following table shows increase in population since 1850:

1850.....	212,592	1880.....	1,591,714
1860.....	604,215	1890.....	2,235,523
1870.....	818,579	1900.....	3,048,710

The total land surface is, approxi-

Texas

POLK'S MEDICAL REGISTER

Texas

mately, 262,290 square miles, the average number of persons to the square mile at the censuses of 1890 and 1900 being as follows: 1890, 8.5; 1900, 11.6. Texas extends from 25 degrees 51 minutes to 36 degrees 30 minutes north latitude and from 93 degrees 31 minutes to 106 degrees 43 minutes west longitude, and is bounded on the north by the Indian Territory, on the southeast by the Gulf of Mexico, on the southwest by Mexico, on the east by Arkansas and Louisiana, and on the west by New Mexico. The climate is warm, but equable and salubrious, and the mean annual temperature as observed at Austin is 66.72 degrees and at Galveston 69.38 degrees. In the extreme south it is about 75 degrees, and in the north it falls to 56 degrees. The average rainfall is about 41 inches. Its maximum length from northwest to southeast is 800 miles, and main width from east to west 790 miles. It has a coast line of over 400 miles. It is of an irregular shape, with a panhandle reaching north between Indian Territory and New Mexico, and presents on its general surface a great inclined plain sloping gradually east to the Gulf, and distributed over three natural zones—the coast or low-lying country, consisting mainly of rich pastures; the great central division, a well-wooded, well-watered and very fertile rolling prairie section; and the third, or hilly region, occupying almost all the southwest angle of the state. The principal rivers are the Sabine, Red, Neches, Brazos, Trinity, Guadalupe, Colorado, Neches Pecos, Canadian and Rio Grande. The area of timber in Texas is very great. There are numerous mineral springs scattered throughout the state, the Specific Well at Mineral Wells having a national reputation.

For list of Medical Colleges, see page 152.

#### MEDICAL LAW OF TEXAS.

Section 1. That a Board, to be known as the Board of Medical Examiners for the State of Texas, is hereby established. Said Board shall consist of eleven men learned in medicine, legal and active practitioners in the State of Texas, who shall have resided and practiced medicine in this State under a diploma from a legal and reputable college of medicine of the school to which said practitioner shall belong, for more than three years prior to their appointment, and no one school shall have a majority representation on said Board. Said Board shall be appointed by the Governor of this State within ninety days after this act shall become effective and biennially thereafter within ninety days after his inauguration and the term of office of its members shall be two years, or until their successors shall be appointed and qualified. No member of said Board shall be a stockholder or a member of the faculty or a board of trustees of any medical school. Vacancies occurring in the Board shall be filled by the Governor. The word "medicine" as used in this section, shall have the same meaning and scope as given to it in Section 13 of this act.

Sec. 2. The members of said Board shall qualify by taking the oath of office before a notary public, or other officer empowered to administer oaths in the county in which each shall respectively reside. At the first meeting of said Board after each biennial appointment, the Board shall elect a president, vice-president and secretary-treasurer. Six members shall constitute a quorum. Regular meetings shall be held at least twice a year, at such times and places as shall be deemed most convenient for applicants. Due notice of such meetings shall be given by publication in such papers as may be selected by the Board. Special meetings may be held upon a call of three members of the Board. The Board may prescribe rules, regulations and by-laws, in harmony with the provisions of this act, for its own proceedings and government for the examination of applicants for the practice of medicine and obstetrics. Said Board, or any member, shall have power to administer oaths for all purposes required in the discharge of its duties, and to adopt a seal to be affixed to all of its official documents.

Sec. 3. The Board of Examiners shall preserve a record of its proceedings in a book kept for that purpose, showing name, age, place and duration of residence of each applicant, the time spent in medical study in respective medical schools, and the year and school from which degrees were granted; said register shall also show whether applicants were rejected or licensed, and shall be prima facie evidence of all matters contained therein. The secretary of the Board shall, on March 1, of each year, transmit an official copy of said register to the Secretary of State for permanent record, certified copy of which, with hand and seal of the secretary of said Board or Secretary of State, shall be admitted in evidence in all courts.

Sec. 4. From and after the passage of this act it shall be unlawful for any one to practice medicine in any of its branches upon human beings within the limits of this State who has not registered in the District Clerk's office of the county in which he resides his authority for so practicing, as herein prescribed, together with his age, postoffice address, place of birth, school of practice to which he professes to belong, subscribed and verified by oath, which if wilfully false, shall subject the applicant to conviction and punishment for false swearing as provided by law. The fact of such oath and record shall be endorsed by the District Clerk upon the certificate. The holder of the certificate must have the same recorded upon each change of residence to another county, and the absence of such record shall be prima facie evidence of the want of possession of such certificate.

Sec. 5. It is hereby made the duty of the District Clerk of each county in this State to purchase a book of suitable size, to be known as the "Medical Register," of such county, and set apart one full page for the registration of each physician, and to record in the same the name and record of each practitioner who presents a certificate from the State Board of Examiners issued under this act. The clerk shall receive the sum of one dollar from each physician so registered, which shall be his full compensation for all duties required under this act. When any physician shall die or remove from the county, or have his license revoked, it shall be the duty of said clerk to make a note of facts at the bottom of the page as closing the record. On the first day of January, in each year, said clerk shall, on the request of the Board, certify to the officer of the State Board of Medical Examiners, a correct list of the physicians then registered in the county, together with such other information as said Board may require. Any District Clerk, upon conviction of knowingly violating any of the provisions of this act, shall be fined not more than fifty dollars. A copy from the Medical Register pertaining to any person certified to by said clerk under the seal of said court; also a certificate issued by said officer certifying that any person named has or has not registered in said office, as required by this act, shall be admitted as evidence in all trial courts.

Sec. 6. Within one year after the passage of this act, all legal practitioners of medicine in this State, who, practicing under the provisions of previous laws, or under

Texas

diplomas of a reputable and legal college of medicine, have not already received license from a State medical examining board of this State, shall present to the Board of Medical Examiners for the State of Texas, documents or legally certified transcripts of documents, sufficient to establish the existence and validity of such diplomas or the valid and existing license heretofore issued by previous examining boards of this State, or exemption existing under any law, and shall receive from said Board verification license, which shall be recorded in the District Clerk's office in the county in which the licentiates may reside. Such verification license shall be issued for a fee of fifty cents to all practitioners who have not already received a license from a board of medical examiners of this State. It is especially provided that those whose claims to State licenses rest upon diplomas from medical colleges recorded from January 1, 1891, to July 9, 1901, shall present to the State Board of Medical Examiners satisfactory evidence that their diplomas were issued from bona fide medical colleges of reputable standing, which shall be decided by the Board of Medical Examiners before they are entitled to a certificate from said Board. This Board may, at its discretion, arrange for reciprocity in license with the authorities of other States and Territories having requirements equal to those established by this act. License may be granted applicants for license under such reciprocity on payment of twenty dollars.

Sec. 7. All applicants for license to practice medicine in this State who are not licensed under the provisions of the previous section must successfully pass an examination before the Board of Medical Examiners established by this act. Applicants to be eligible for examination must present satisfactory evidence to the Board that they are more than twenty-one years of age, of good moral character and graduates of bona fide, reputable medical schools. Such school shall be considered reputable within the meaning of this act whose entrance requirements and courses of instruction are as high as those adopted by the better class of medical schools of the United States, whose course of instruction shall embrace not less than four terms of five months each. Application for examination must be made in writing under affidavit to the secretary of the Board, on forms prepared by the Board, accompanied by a fee of fifteen dollars; except when an applicant desires to practice obstetrics alone, the fee shall be five dollars. Such applicants shall be given due notice of the date and place of examination. Applicants to practice obstetrics in the State of Texas, upon proper application, shall be examined by the Board in obstetrics only, and upon satisfactory examination shall be licensed to practice that branch only; provided, this shall not apply to those who do not follow obstetrics as a profession, and who do not advertise themselves as obstetricians or midwives, or hold themselves out to the public as so practicing. In case any applicant, because of failure to pass examination, be refused a license he or she shall, after one year, be permitted to take a second examination without an additional fee.

Sec. 8. The fund realized from the aforesaid fees shall be applied first to the payment of necessary expenses of the Board of Examiners; any remaining funds shall be applied by the order of the Board to compensating members of the Board in proportion to their labors.

Sec. 9. All examinations shall be conducted in writing and in such manner as shall be entirely fair and impartial to all individuals and every school of medicine, the applicants being known by numbers, without name or other method of identification on examination papers by which members of the Board may be able to identify such papers until after the applicants have been granted licenses or rejected. Examinations shall be conducted on the scientific branches of medicine only, and shall include anatomy, physiology, chemistry, histology, pathology, bacteriology, physical diagnosis, surgery, obstetrics, gynecology, hygiene and medical jurisprudence. Upon satisfactory examination, under the rules of the Board, applicants shall be granted licenses to practice medicine. All questions and answers, with grades attached, shall be preserved for one year. All applicants examined at the same time shall be given identical questions in each of the above branches. All certificates shall be attested by the seal and signed by all members of the Board, or a quorum thereof.

Sec. 10. Nothing in this act shall be construed as to discriminate against any particular school or system of medical practice. This act shall not apply to dentists legally qualified and registered under the laws of this State who confine their practice strictly to dentistry; nor to nurses who practice only nursing; nor to masseurs in their particular sphere of labor, who publicly represent themselves as such; nor to commissioned or contract surgeons of the United States Army, Navy or Public Health and Marine Hospital Service, in the performance of their duties, but such shall not engage in private practice without license from the Board of Medical Examiners; nor to legally qualified physicians of other States called in consultation, but who do not open offices or appoint places in this State where patients may be met or called to see. This act shall be so construed as to apply to persons other than licensed druggists of this State, not pretending to be physicians, who offer for sale on the streets or other public places remedies which they recommend for the cure of disease.

Sec. 11. The State Board of Medical Examiners may refuse to admit persons to its examinations or to issue the certificate provided for in this act for any of the following causes: First. The presentation to the Board of any license, certificate or diploma which was illegally or fraudulently obtained, or when fraud or deception has been practiced in passing the examination. Second. Conviction of a crime of the grade of felony, or one which involves moral turpitude, or procuring or aiding or abetting the procuring of a criminal abortion. Third. Other grossly unprofessional or dishonorable conduct of a character likely to deceive or defraud the public; or for habits of intemperance or drug addiction calculated to endanger the lives of patients; provided, that any applicant who may be refused admittance to examination before said Board shall have his right of action to have such issue tried in the District Court of the county in which some member of the Board shall reside.

Sec. 12. The right herein to practice medicine in this State may be revoked by any court of competent jurisdiction, upon proof of the violation of the law in any

# WE FURNISH

Texas

1783

respect in regard thereto, or for any cause for which the State Board of Medical Examiners is authorized to refuse to admit persons to its examinations as provided in Section 11 of this act; and it shall be the duty of the several district and county attorneys of this State to file and prosecute appropriate judicial proceedings in the name of the State on request of any member of said Board.

Sec. 13. Any person shall be regarded as practicing medicine within the meaning of this act (1) who shall publicly profess to be a physician or surgeon and shall treat, or offer to treat any disease or disorder, mental or physical, or any physical deformity or injury, by any system or method, or to effect cures thereof. (2) Or who shall treat or offer to treat any disease or disorder, mental or physical, or any physical deformity or injury by any system or method or to effect cures thereof and charge therefor, directly or indirectly, money or other compensation.

Sec. 14. Any person practicing medicine in this State in violation of the provisions of this act shall, upon conviction thereof, be fined in any sum not less than \$50 nor more than \$500, and by imprisonment in the county jail for a term not exceeding six months, and each day of such violation shall constitute a separate offense, and in no such case shall the violator be entitled to recover anything for the services rendered.

Sec. 15. All certificates heretofore issued by any board of medical examiners in this State under any former law shall be and continue in full force and effect for one year after this act shall take effect, but not afterwards, and any person who may, when this act shall take effect, be practicing medicine within this State under the provisions of existing laws or under any exception contained therein, but without license, may, for one year thereafter, but not longer, continue in such practice, without license; and all such certificates and all such rights to practice medicine shall be in all respects subject to the provisions of this act as though issued or acquired under its provisions.

Sec. 16. The terms "physician" and "surgeon," as used in this act, shall be construed as synonymous, and the terms "practitioners" and "practitioners of medicine" and "practice of medicine," as used in this act, shall be construed to refer to and include physicians and surgeons.

Sec. 17. All laws and parts of law in conflict with the provisions of this act be, and the same are hereby repealed.

Sec. 18. The fact that there is now no law properly regulating the practice of medicine in this State, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended, and the same is hereby suspended, and that this act take effect and be in force from and after its passage.

## LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement.  
Refer to Index for Location.

### ABBREVIATIONS:

R., Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; \*, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ‡, Druggist; †, Dentist. R. F. D. 1, Rural Free Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

EIGHTH REVISED EDITION.

# **POLK'S DENTAL REGISTER**

OF THE

## **United States and Canada.**

---

**This is positively the only National Dental Directory published.**

---

Over 36,000 Dentists, arranged by States, Territories and Provinces, with Post-office address and College and year of Graduation.

All the Existing Dental Colleges in the United States and Canada, with Location, Faculty, etc.; also extinct Dental Colleges.

The various Dental Societies and Dental Journals.

Synopsis of Laws regulating practice of Dentistry in each State, Territory and Province.

A Descriptive Sketch of each State, Territory and Province.

It is the only publication of the kind giving an alphabetical list of all Dentists and a reference to name where it appears with post-office address and college information.

There is no more direct or economical way of reaching the Dentists of the United States and Canada than by an advertisement in the Register, or if you wish to circularize, the Register presents the list in convenient form for addressing.

**PRICE \$10.00 PER COPY.**

---

**R. L. POLK & CO., Publishers, DETROIT**

# Elm Grove Lodge

A private sanitarium for the care and treatment of mental and nervous diseases and physical deformities in children and the adolescent. No insane patients taken.

Situated on one of the highest hills, in the suburbs of the City of Austin. Sanitary conditions the best, natural drainage excellent, pure air and water. The building is a three-storied brick and stone structure, containing forty rooms. Private rooms and wards both available. A large shady lawn affords a delightful place for recreation and exercise. The climate is such that an outdoor life is possible nearly every day of the year.

The institution was established to meet the needs of children suffering from mental and physical defects due to prenatal influences or to injury and disease in infancy and early childhood.

Neurotic and hysterical children find here the discipline, training and treatment necessary to carry them through adolescence without those mental and nervous breakdowns occurring which wreck so many lives.

Children suffering from chorea, paralyzes, spinal curvatures, spinal caries and other tubercular affections common to children, club feet, deformities following meningitis, epilepsy and all other physical deformities, will find here not only a sanitarium for their treatment but also a place giving the comforts and attentions of home.

## ADVISORY BOARD.

Miss M. Eleanor Brackenridge, Philanthropist and Club Woman, San Antonio.

Dr. A. C. Ellis, School of Education, University of Texas, Austin.

Dr. M. L. Graves, Professor of Medicine and Mental and Nervous Diseases, University of Texas, Galveston.

Mrs. H. M. Kirby, Dean of Women, University of Texas, Austin.

Dr. B. M. Worsham, Supt. of State Lunatic Asylum, Austin, Texas.

While the institution is private and all undue publicity is avoided, it is conducted along strictly ethical lines and the medical profession is welcome at all times.

For information address all communications to

**DR. MARGARET HOLLIDAY,**  
Superintendent,  
Austin, Texas.

**CHOOSE A STAMMERING SCHOOL ADVISEDLY.** Do not attend and do not recommend a school for the cure of stammering simply because it guarantees a cure. Stammering may be stopped by the substitution of something as bad or worse. The Reed School gives a steadily progressive and very effective course of instructions in NATURAL SPEECH. Booklet sent on application. (See other right top lines.) **REED SCHOOL, 371 Hubbard Ave., Detroit, Mich.**

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

C

## UTAH.

CAPITAL, SALT LAKE CITY.

Population of State, 276,749.

(U. S. Census, 1900.)

Number of Physicians, 359.

Utah was a territory from September 9, 1850, to January 4, 1896, when it was admitted to the Union as the forty-fifth state. It occupies an important position in the great group of trans-Mississippi states. It is situated between the paral-  
lels of 37 and 42 degrees north latitude

and the meridians of 109 and 114 degrees west of Greenwich. On the same paral-  
lels are Colorado, Kansas, Missouri, Southern Illinois, Kentucky, Virginia, Spain, Italy, Greece, Turkey and Corea. The state adjoins Colorado, Nevada, Arizona and Idaho. It is about 275 miles in width and 345 miles in length. Its total area is 84,928 square miles; its land area is 82,096 square miles (52,541,440 acres); its water area is 2,832 square miles (1,812,480 acres). The total area of unappropriated and unreserved lands

# Polk's Medical Register and Directory has the ONLY COMPLETE LIST of COLLEGE GRADUATES IN EXISTENCE

Many Colleges having become extinct, the records of others having been lost or destroyed.

Utah

OF NORTH AMERICA.

Utah

1843

in the state on June 30, 1903, was 41,369,561 acres. Of this amount, 11,526,008 acres were unsurveyed and 29,843,553 were surveyed. Its valleys are elevated from 2,700 to 7,000 feet above the sea. Some of its mountain peaks reach a height of from 12,000 to 13,687 feet. The Wasatch Mountains traverse its center and the Uintahs cross its upper half. It is a region of snow-clad mountains and broad, beautiful valleys. Many streams flow from the elevations and meander through the vales. Its largest body of water is the great Salt Lake, covering an area of about 2,500 square miles. This is a far-famed feature of its topography. The waters of the lake are heavily charged with mineral solids, containing about 18 per cent. About 16½ per cent of this being salt and sulphate of soda. Numerous salt refineries dot its shores, the product being unrivaled in quality. Owing to the density of the water it is impossible to sink in it and the effect of a bath is most exhilarating. There are also a number of fresh water lakes of considerable size, the largest being Utah lake, with a surface area of 125 square miles.

Extending from Idaho to Arizona northerly and southerly through the state is a chain of fertile valleys, some of which are twenty miles wide. These valleys differ in altitude, each growing the products of field and orchard to which the climatic conditions are most favorable. The most northern in this chain is Cache Valley, having an altitude of 4,400 feet. Here are raised the hardier fruits, grains and vegetables. The southern valley in the chain is the Rio Virgin in Washington county, where the land is exceedingly productive. This portion of the state is semi-tropical and its soil and climate adapt it to the production of not only many of the hardier fruits but of nectarines, almonds, figs, grapes and pomegranates. Flowers bloom in this valley in December and cotton is extensively grown. Outdoor gardening begins here in the latter part of January and snow and frost are almost unknown. Between these extremes of the chain are situated many valleys under a high state of cultivation. The eastern half of the state is drained into the Colorado. The mountain ranges usually run north and south and nearly all of them contain zones of precious metals.

The climatic and scenic attractions of Utah are among the best in all this favored land. The sun shines more than 300 days in the year. There are cool places near at hand in the summer time, and warm ones in winter; resorts where the flush of health is brought back to the invalid, and where the strong are made more vigorous. Pure air, thermal springs, salt and fresh water baths and breezes from mountains and inland sea all contribute their quota to the general benefit. In the matter of rugged scenes and pictures unusual Utah is more richly endowed than Switzerland, and its fame as a wonderland in this land of wonders is destined to become world famous.

For list of Medical Colleges, see page 152.

## MEDICAL LAW OF UTAH.

AN ACT Regulating the Practice of Medicine in the State of Utah.

### CHAPTER 88.

#### REGULATING THE PRACTICE OF MEDICINE AND SURGERY.

An Act for the regulation of the practice of medicine and surgery in the State of Utah, and for the appointment of a Board of Medical Examiners in the matter of said regulation, and providing for the repeal of Sections 1728, 1729, 1730, 1731, 1732, 1733, 1734, 1735, 1736, 1737, 1738, 1739, 1740, 1741, 1742, of Title 52, Revised Statutes of Utah, 1898.

Be it Enacted by the Legislature of the State of Utah:

Section 1. Board Appointed. Qualifications of Members. Vacancies. There shall be appointed by the Governor at each regular session of the Legislature by and with the consent of the Senate, a State Board of Medical Examiners, which shall consist of nine members, who shall be representatives of the various recognized Schools of Medicine, each of whom shall be at the time of his appointment a licensed graduate practitioner of medicine in the State. Each person so appointed shall qualify by taking an oath before a Judge of the District Court, that he is a graduate of a legally chartered medical college in good standing, and that he will faithfully perform the duties of his office, and upon the qualification of every person appointed, as aforesaid, he shall hold his office until his successor is appointed and qualified. Vacancies in the board shall be filled by appointment by the Governor within one month from the time the vacancy shall occur. Said board shall have power to sue and be sued in its official name, "The Board of Medical Examiners of the State of Utah;" to employ legal counsel and clerical assistance; and the money received under the act may be applied in defraying expenses incurred by the said board either in the employment of said legal counsel or clerical assistance, or in any other manner whatsoever.

Sec. 2. Board Must Organize. Powers and Duties. Certificate. Said board shall organize immediately after its appointment by selecting from its members, a President, Secretary and Treasurer. Five members of the board shall constitute a quorum. The board shall have a seal with which it shall attest its official acts. Any member of the board shall have authority to administer oaths and the board shall have authority to take testimony in all matters relating to the duties of the board. The board shall have power to examine any person who furnishes satisfactory proof of having received a degree or diploma from a legally chartered medical school, which at the time of granting such diploma required at least the following hours of study: Anatomy, 420, histology, 90, physiology, 300, chemistry, 300, therapeutics, 90, bacteriology, 140, pathology, 240, physical diagnosis, 100, surgery, 540, obstetrics, 160, and gynecology, 160; a leeway of ten per cent being allowed or a minimum total of 2286 hours, and legally chartered school making the foregoing requirements shall be deemed a "recognized school of medicine." If the applicant has received a certificate from a high school of the first grade or educational attainments equivalent thereto, and if upon examination of such person by the board, the said board shall be satisfied that the applicant is qualified to practice medicine and surgery, then the said board shall have power to issue a certificate to such person so qualified and examined. The board shall issue two forms of certificates or license, one for persons holding such a degree or diploma who has been examined and favorably passed upon by the board, and another for persons desiring to practice obstetrics under the provisions of section thirteen. Certificates or licenses shall be signed by all members of the board granting them.

Sec. 3. Fee. The fee for the examination provided for in the last preceding section shall be fifteen dollars, which shall be paid to the Treasurer of the Board of Medical Examiners.

Sec. 4. Non-Graduate Practitioners. No non-graduate licensed under the provisions of the territorial Legislature shall in any way advertise as a doctor, physician or surgeon, but shall, if he advertise at all, do so as a licensed non-graduate practitioner of medicine. The Secretary of the Board shall enter, without fee, upon the register to be kept by him, the names of all persons to whom certificates are issued as physicians and surgeons.

Sec. 5. Certificate to be Recorded. Every person holding a certificate from the said board shall have it recorded in the office of the Recorder of the county in which he resides, within three months from its date, and the date of record shall be endorsed thereon. Until such certificate is recorded as herein provided, the holder thereof shall not exercise any of the privileges conferred therein to practice medicine. Any person removing to another county to practice medicine shall record the certificate in like manner in the county to which he removes, and the holder of the certificate shall pay the Recorder the usual fees for recording such certificates.

Sec. 6. Duty of County Recorder. The County Recorder shall keep in a book provided for that purpose, a complete list of certificates recorded by him, with the date of the issue of the certificate, and, if the certificate be based upon a degree and examination, the name of the medical college conferring the degree, and the date thereof.

Sec. 7. Refusal to Grant Certificate. Witnesses. Contempt. Examination may be wholly or partially in writing. Said board must refuse a certificate to any applicant guilty of unprofessional conduct as defined in this act; but before such refusal, the applicant must be cited by citation, signed by the Secretary of the board, and sealed with its seal. No such citation shall be issued except upon a sworn complaint filed with the Secretary of the board and sealed with its seal, charging the applicant with having been guilty of unprofessional conduct and setting forth the particular acts constituting such professional conduct. On the filing of such complaint the Secretary must forthwith issue a citation, and make the same returnable at the next regular

session of said board, occurring at least thirty days next after filing the complaint. Such citation shall notify the applicant of the time and place, when and where the matter of such unprofessional conduct shall be heard, the particular unprofessional conduct with which the applicant is charged, and that the applicant shall file his written answer, under oath, within twenty days next after the service on him of said citation or default will be taken against him and his application for a certificate refused. The attendance of witnesses at such hearing shall be compelled by subpoena issued by the Secretary of the board, under its seal; and said Secretary shall in no case refuse to issue any such subpoenas, upon a fee of twenty cents being paid him for each subpoena. Said citation and said subpoenas shall be served in accordance with the statutes of this State then in force as to the service of citation and subpoenas generally, and all of the provisions of the statutes of this State then in force relating to subpoenas are hereby made applicable to the subpoenas provided for herein. If any person refuse to obey a subpoena served upon him in accordance with the statutes of this State then in force providing for the manner of serving subpoenas, the fact of such refusal shall be certified by the Secretary of said board, under the seal thereof, to the District Court of the county in which the service was had, and said court shall thereupon proceed to hear said matter, in accordance with the statutes of this State then in force as to contempts for disobedience of process of the court; and should said court find that the subpoena had been legally served, and that the party so served had willfully disobeyed the same, it shall proceed to impose such penalty as provided in cases of contempt of court. In all cases of alleged unprofessional conduct arising under this act, depositions of witnesses may be taken, the same as in civil cases, and all the provisions of the statutes of this State then in force as to the taking of depositions are hereby made applicable to the taking of depositions under this act. If the applicant shall fail to file with the Secretary of said board his answer, under oath, the charge made against him, within twenty days after service on him of said citation, or within such further time as the board may give him, and the charges on their face be deemed sufficient by the board, default shall be entered against him, and his application refused. If the charges on their face be deemed sufficient by the board, and issue be joined thereon by answer, the board shall proceed to determine the matter and to that end shall hear such evidence as may be adduced before it; and if it appear to the satisfaction of the board that the applicant is guilty as charged, no certificate shall be issued to him. No certificate shall be refused on the ground of unprofessional conduct unless the applicant has been guilty of such conduct subsequently to the passage of this act, and unless he has been guilty of such conduct within two years next preceding his application.

Sec. 8. Revocation of Certificate. Whenever any licensed practitioner of medicine and surgery or obstetrics in this state is guilty of unprofessional conduct, as the same is defined in this act, then the license or certificate of such person shall be revoked or cancelled in the manner hereinafter provided by the District Court of the county where the holder of such certificate or license practiced at the time of such unprofessional conduct. Proceedings for such revocation or cancellation shall be conducted in the manner provided by law for proceedings in civil cases, except as in this act provided. "The Board of Medical Examiners of the State of Utah" shall be plaintiff and the person charged shall be defendant in any such proceeding. The complaint in said proceeding shall be in writing certified by the oath of one of the members of the board, or by any person having knowledge of the facts constituting the unprofessional conduct, and praying a decree of the court cancelling or revoking the certificate or license of the defendant and an injunction enjoining him from practicing medicine or surgery in this State. When, after trial the defendant is found guilty as charged, or when upon his default, which may be entered as in civil cases, provided the facts stated in the complaint constitute unprofessional conduct as defined in this act, then in either such case the court must decree a cancellation or revocation of the certificate or license of the defendant, and must enjoin him from practicing medicine or surgery in this State. Upon the entry of such judgment and decree it shall be the duty of the Secretary of the said Board of Medical Examiners to file a certified copy of said judgment and decree with the County Recorder of the counties in which the certificate of the defendant is recorded, and said Recorder must thereupon write upon the margin of the record of said certificate of said defendant the following:

"This certificate was revoked and cancelled by a decree of the District Court of ..... County, Utah, on the ..... day of ....., giving the day, month and year of such revocation by said court, together with the county wherein said decree was made and entered by said District Court. No certificate shall be revoked for unprofessional conduct under this section unless the accused has been guilty thereof, subsequently to the passage of this Act, and unless he has been guilty thereof within two years next preceding the time of filing the complaint charging him with such unprofessional conduct.

Sec. 9. "Unprofessional Conduct" Defined. The words "unprofessional conduct," as used in this act, are hereby defined to mean any of the following acts, to-wit:

First. Offering or attempting to procure or aid or abet in procuring a criminal abortion.

Second. The procuring or aiding or abetting in procuring a criminal abortion.

Third. The obtaining of any fee on the assurance that a manifestly incurable disease can be permanently cured.

Fourth. The willfully betraying a professional secret.

Fifth. All advertising of medical business in which grossly improbable statements are made.

Sixth. All advertising of medicines, or of any means, whereby the monthly periods of women can be regulated, or the menses re-established if suppressed.

Seventh. Conviction of any offense involving moral turpitude.

Eighth. Habitual intemperance or any excessive use of drugs or gross immorality.

# Medical Laws OF EACH STATE REVISED TO DATE, FOR READY REFERENCE IN POLK'S MEDICAL REGISTER AND DIRECTORY

Utah

OF NORTH AMERICA.

Utah

1847

Sec. 10. Practicing Medicine Contrary to Law. Any person practicing medicine, surgery or obstetrics within the State contrary to law, may, at the instance of the board herein created appearing as plaintiff in the District Court, be enjoined by said court from practicing medicine, surgery or obstetrics in this State until such person shall have been by said board lawfully admitted to practice.

The proceedings in said District Court shall be the same, as near as may be, as hereinbefore provided in this act in case of revocation or cancellation of licenses or certificates.

Sec. 11. Practicing Medicine Defined. Any person shall be regarded as practicing medicine within the meaning of this act who shall diagnose, treat, operate upon, prescribe or advise for, any physical ailment of another for a fee, or who shall hold himself out by means of signs, cards, advertisements, or otherwise, as a physician or surgeon; but nothing in this act shall be construed to prohibit services in case of emergency, or the administration of family remedies, nor to prevent medical officers of the United States army from the discharge of their official duties, nor to prohibit visiting physicians in the act of consultation, nor shall any thing in this act be construed to apply to those who heal by spiritual means without pretending to have a knowledge of the science of medicine.

Sec. 12. Penalty. Any person practicing medicine, surgery or obstetrics within this State without holding a lawful certificate or license or otherwise contrary to the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than one hundred dollars, nor more than five hundred dollars, or by imprisonment for a term of not less than sixty days or more than one hundred and eighty days, or by both such fine and imprisonment.

Sec. 13. Obstetrics. Examination. Fee. Persons desiring to practice obstetrics in this State shall be entitled to a license upon satisfactorily passing an examination by the Board of Medical Examiners and paying to the Treasurer thereof a fee of five dollars; provided, that this section shall not be construed to prevent physicians holding a certificate from practicing obstetrics, or to prohibit such service or the acceptance of a fee in case of emergency, or persons practicing obstetrics in communities where there are no licensed practitioners.

Sec. 14. Meetings of the Board. The Board of Medical Examiners shall meet on the first Monday in January, April, July, and October, of each year, at ten o'clock a. m., and such other times as the President of the Board shall deem necessary.

The place of meeting shall be at the State Capitol.

Sec. 15. Removal of Members of Board. Any member of said board may be removed for misconduct in office by a two-thirds vote of all the members of the board, but no member shall be removed until after he has been given a trial before said board.

Sec. 16. Examination May Be Waived. When. The said board may in its discretion accept and register upon the payment of the registration fee of twenty-five dollars and without examination of the applicant any certificate which shall have been issued to him by the Medical Examining Board of the District of Columbia, or any State or Territory of the United States; provided, however, that the applicant has received a degree or diploma from a legally chartered medical school, the requirements of which shall have been at the time of granting such diploma in no particular less than those prescribed by the Association of American Medical Colleges for that year; and provided further that the legal requirements of such medical examining board of such State or Territory shall have been at the time of issuing such certificate in no degree or particular less than those of this State at the time when such certificate shall be presented for registration to the board created by this act; and provided further that the provisions in this paragraph contained shall be held to apply only to such of said Medical Examining Boards of such States and Territories as accept and register the certificates granted by this board without examination by said boards of the one holding such certificates.

Sec. 17. Osteopathy. Certificate. Nothing in this act shall be deemed to require persons now holding certificates from the Territorial or State Board of Medical Examiners to make application for license, and any person who is now practicing osteopathy in the State of Utah, who holds a degree or diploma from a regularly chartered college of osteopathy, whose requirements are not less than those prescribed by the Associated Colleges of Osteopathy for that year, upon presenting his diploma to said Board of Medical Examiners within sixty days after the approval of this act, shall be entitled to receive a certificate or license to practice medicine and surgery in this State. Said certificate shall be registered and recorded as hereinbefore provided for the registering and recording of other certificates issued by said Board.

Sec. 18. Contempts. Contempts under this act will be governed and controlled in the manner provided by the general law relating thereto now in force in this State.

Sec. 19. Repeal. That Sections 1728, 1729, 1730, 1731, 1732, 1733, 1734, 1735, 1736, 1737, 1738, 1739, 1740, 1741, and 1742, Revised Statutes of Utah, 1898, and all acts and parts of acts in conflict with this act are hereby repealed.

Sec. 20. This Act to take effect upon approval.

Approved this 14th day of March, 1907.

## VERMONT.

CAPITAL. MONTPELIER.

Population of State, 343,641.

(U. S. Census, 1900.)

Number of Physicians, 749.

Vermont was admitted as a state March 4, 1791. It had a population, according to the United States Census of 1900, of 343,641, as against 332,422 in 1890, representing an increase during the decade of 11,219 or 3.3 per cent. The following table shows the increase in population since 1830:

1830.....	280,652	1870.....	330,551
1840.....	291,948	1880.....	332,286
1850.....	314,120	1890.....	332,422
1860.....	315,098	1900.....	343,641

The total land surface is, approximately, 9,135 square miles, the average number of persons to the square mile at the censuses of 1890 and 1900 being as follows: 1890, 36.3; 1900, 37.6. It extends from 42 degrees to 45 degrees north latitude and from 71 degrees 25 minutes to 73 degrees 26 minutes west longitude, and is bounded on the north by Canada, on the south by Massachusetts, on the east by New Hampshire and on the west by New York. The climate is cold, and like most of the New England states, is marked by great extremes, the winters being severe and of long duration, and the summers short but extremely warm. The mean annual temperature as observed at Montpelier is 42.76 degrees, and the annual average rainfall about 36 inches.

The state is intersected by the Green Mountains. Their highest range extends from north to south nearly parallel to the western boundary and consists of several detached ridges which, standing end to end, are separated from each other by the valleys of the streams emptying into Lake Champlain. A second range, lower but more continuous than the first, branches off and trends

through the state in a northeasterly direction. It forms the watershed between the Connecticut river, which washes the eastern border of the state, and Lake Champlain, which washes the western. Some detached mountains rise near the Connecticut river. These mountains are covered with forests of evergreen, hemlock, spruce and other coniferous trees. There are numerous rivers and streams affording an abundance of never-falling water power. The entire eastern portion of the state is drained by the Connecticut river, which separates it from New Hampshire and receives the following tributaries. The Passumpsic, White, Queechy, Black, Deerfield, Williams, West, Saxton and Wells. The northern part of the state between the two ranges of the Green Mountains is drained by Lake Memphremagog, which receives the Barton and Black rivers. Lake Champlain extends for 105 miles along the western border of the state and receives the Missisquoi, Winooski, Lamolle, Otter and Poultney. The southwest corner of the state is drained by small affluents of the Hudson.

For list of Medical Colleges, see page 152.

#### MEDICAL LAW OF VERMONT.

Act 133 of the General Assembly of 1904 entitled, "An Act Creating a Board of Medical Registration," is as follows:

It is hereby enacted by the general assembly of the State of Vermont:

Section 1. A state board of medical registration is hereby created. Said board shall consist of seven (7) members, three (3) of whom shall be of the regular school of practice; two (2) of the homeopathic school of practice, and two (2) of the eclectic school of practice, and each shall be a graduate of a legally chartered medical college or university, having the power to confer the degree of medicine and surgery.

Three members of said board shall be appointed for a term of two (2) years, two for four (4) years, and two for six (6) years, and shall be appointed by the governor in the month of December, 1904, preference in said appointments to be given to the present members of the board of censors of the Vermont medical society, Vermont homeopathic medical society, and the Vermont eclectic society.

The term of office of the members of the board shall begin on the fifteenth day of December next following their appointment.

Sec. 2. It shall be the duty of the governor biennially in the month of November, beginning in 1906, to appoint physicians as members of the board of medical registration, to fill the place of those whose term of office is about to expire, said physicians to be of the same school of practice as the physician whom they are to succeed on the board, with the same proportion of regular, homeopathic, and eclectic physicians as constituted the original board; they to be graduates of a legally chartered medical college and in active practice of their profession, but no member of said board shall belong to the faculty of any medical college or university.

The appointments as provided in this section shall be made from a list to be nominated by the Vermont medical society, Vermont homeopathic medical society, or Vermont eclectic medical society, according as the term of office of the members representing each of these different schools of practice is about to expire, said list to contain at least twice the number to be appointed.

Such nominations shall be made at the annual meeting of the said medical societies during the year of the biennial session of the legislature. Such nominations shall be certified to by the president and secretary of the said societies and transmitted to the governor not later than the 1st of November during the biennial session of the general assembly.

In case, however, that no nominations are made by the said medical societies, then the governor shall appoint such physicians as he may choose, having regard to maintaining the same proportion of regular, homeopathic, and eclectic physicians as constituted the original board.

Vacancies in said board shall be filled by the governor and the person appointed to fill a vacancy shall hold office during the unexpired term of the member whose place he is to fill, and shall be of the same school of practice.

Any member of the board may be removed from office by the governor for cause.

Sec. 3. The members of said board of medical examiners shall meet at the state house in Montpelier on the second Tuesday in January, and at Burlington on the second Tuesday in July, and at such other times and places as they may determine for

the purpose of examining applicants for a license to practice medicine and surgery in the state, and shall be empowered to issue such license to persons found qualified.

The board may make such rules and regulations not repugnant to the law of the state as may be necessary for the government of the board.

A majority shall constitute a quorum.

Sec. 4. At the first meeting of said board on the second Tuesday of January, 1905, and biennially thereafter, they shall organize by choosing from their numbers a president, secretary, and treasurer, who shall hold their respective offices for two years or until their successors are chosen.

Sec. 5. The secretary shall keep a record of the transactions of the board, and a separate record of the name, residence, college and date of graduation of all persons licensed hereunder.

The treasurer shall receive all fees for licenses issued and keep a just and true account of the same, and shall quarterly make a report to the state treasurer of all examinations given and licenses granted and pay into the state treasury all monies received by him for such examinations and licenses.

Sec. 6. Each member of the board shall receive four dollars a day for services and expenses incurred by him in the performance of his duties. The auditor of accounts shall allow the expenses of said board in full and such percentage of the per diem that the expense to the state of the board shall not exceed the receipts of said board.

Sec. 7. Any person twenty-one years of age and of good moral character, who is a graduate of a legally chartered medical college or university having power to confer degrees in medicine and surgery, and such medical college or university being recognized as determined by the board, shall upon payment of a fee of fifteen dollars, be entitled to examination, and, if found qualified, shall be licensed to practice medicine and surgery in this state and receive a license certificate signed by the president and secretary of the board. Any person refused a license may be re-examined at a regular meeting of the board within one year of the time of such refusal without an additional fee. Said board may refuse to issue certificates provided for in this section to individuals who have been convicted of the practice of criminal abortion, or who have, by false or fraudulent representations, obtained or sought to obtain practice in their profession, or, by false or fraudulent representation of their profession, have obtained than their own, or for any other immoral, unprofessional or dishonorable conduct, and said board may for like causes revoke any certificate issued by itself or the respective board of Censors of the Vermont state medical, the Vermont state homeopathic, or the Vermont state eclectic medical, societies; provided that no certificates shall be or sought to obtain money or any other thing of value, or who assumes names other revoked or refused until the holder or applicant is given a hearing before the board.

Sec. 8. The examination shall be in whole, or in part in writing and shall be of a practical character, sufficiently strict to test the qualifications of the applicant as a practitioner of medicine.

The examination shall embrace the general subjects of anatomy, physiology, chemistry, pathology, practice of medicine, surgery, obstetrics, gynecology, hygiene, and materia medica, but it is hereby provided that the examination in materia medica shall be conducted by the members of the board who represent the same school of practice as that of which the applicant is a graduate.

Each applicant shall pass at least an average of 75 per cent to entitle him to a license.

Sec. 9. A person to whom a license certificate is thus issued in order to make it valid shall within thirty days from date thereof, cause the same to be recorded in the office of the secretary of state, in a book to be provided by said secretary of state for that purpose, for which the record fee shall be twenty-five cents.

Sec. 10. Any person who shall practice medicine or surgery under a fictitious or assumed name, or who, not being licensed as aforesaid, shall advertise or hold himself out to the public as a physician or surgeon in this state, or sign a certificate of death had or maintained by any such person in any court in this state for the recovery of for the purposes of burial or removal, shall be punished by a fine of not less than fifty dollars, or more than two hundred dollars, or by imprisonment in the house of correction not more than three months, or both, and no action of any kind shall be any compensation for such services.

Sec. 11. Any person who shall advertise or hold himself out to the public as physician or surgeon or who shall assume the title of doctor in the treatment of disease or who shall follow the occupation of treating disease by any system or method, shall, for the purposes of this act be deemed a physician or practitioner of medicine or surgery. Nothing however in this act shall in any way affect the provisions of No. 110 of the acts of 1902 or apply to persons licensed by any other board having legal authority to issue license in this state.

Sec. 12. It shall be the duty of the board to investigate all complaints of disregard, non-compliance or violation of the provisions of this act, and to bring all such cases to the notice of the proper prosecuting officer.

Sec. 13. This act shall not apply to persons legally licensed to practice medicine and surgery under the provisions of former acts, nor to persons who resided and practiced medicine in the state five years previous to the 28th day of November, 1876, nor to commissioned officers of the U. S. army or navy, or marine hospital service, nor to practice of midwifery by women in the town or locality in which they reside, nor to a physician or surgeon who is called from another state, or the Dominion of Canada, to treat a particular case, and who does not otherwise practice in this state,

POLK'S MEDICAL REGISTER

Vermont

provided, however, that such non-resident physician is legally licensed where he resides and provided further that the state from which he comes or the Dominion of Canada, grants the same privileges to legally licensed practitioners of the state of Vermont.

Nothing in this act, however, shall be construed to prevent any non-resident physician or surgeon from coming into the state in consultation with a legally qualified practitioner in this state.

Sec. 14. The board shall, without examination, issue a license to a reputable physician or surgeon who shall personally appear and present a certified copy of a certificate of registration or a license issued to him in a state whose requirements for registration are deemed by said board as equivalent to those of this state; provided such state shall accord a like privilege to holders of licenses granted under the laws of this state. The fee for such license shall be twenty dollars. The standard of requirements for admission to practice in this state shall be as follows:

1. Academic: Preliminary requirements to be a high school education or its equivalent, such as would admit the student to a recognized university.

2. Medical: Four courses of lectures of nine hundred hours each, in four different calendar years prior to graduation from a medical college approved by this board. Practitioners graduated prior to nineteen hundred one are exempt from this requirement.

3. Moral: Applicant shall present qualifications as to moral character and professional standing from two reputable physicians in the county in which he resides, and from the town clerk of his place of residence.

4. Examining: The examination in writing shall embrace twelve subjects of ninety questions, viz: anatomy and bacteriology, practice of pathology, surgery and legal medicine, obstetrics and gynecology, physiology and hygiene, chemistry, materia medica and therapeutics. The general average must be at least seventy-five per cent in order to obtain a license.

Sec. 15. Sections 4630, 4631, 4632, 4633, 4634, 4635, 4636, 4637, 4638, 4639 and 4640 of the Vermont Statutes and all amendments thereto and all acts inconsistent with this act are hereby repealed.

Sec. 16. This act shall take effect from its passage.

Approved December 9, 1904.

Reciprocity.—Vermont now reciprocates with Illinois, Indiana, Maine, Maryland, Michigan, New Hampshire, New Jersey, New York, North Dakota, Ohio, Texas, Wisconsin, and Wyoming on certificates issued subsequent to July 1, 1905, and with the District of Columbia in special cases. The board will endorse the certificate or license of any state medical examining and licensing board in accordance with the following section of the Public Acts of 1904: The board shall issue licenses without examination to reputable physicians and surgeons who shall personally appear and present a certified copy of certificate of registration or license which has been issued to said applicant in another state in the Union, where the requirements for registration shall be deemed by said board to be equivalent to those of this state, provided such state shall accord a like privilege to holders of a license granted under the laws of this state. Each applicant for such license shall pay to the board the sum of twenty dollars.

## LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement.  
Refer to Index for Location.

### ABBREVIATIONS:

R., Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; \*, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ‡, Druggist; †, Dentist. R. F. D. 1, Rural Free Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

EIGHTH REVISED EDITION.

# **POLK'S DENTAL REGISTER**

OF THE

## **United States and Canada.**

---

**This is positively the only National Dental Directory published.**

---

Over 36,000 Dentists, arranged by States, Territories and Provinces, with Post-office address and College and year of Graduation.

All the Existing Dental Colleges in the United States and Canada, with Location, Faculty, etc.; also extinct Dental Colleges.

The various Dental Societies and Dental Journals.

Synopsis of Laws regulating practice of Dentistry in each State, Territory and Province.

A Descriptive Sketch of each State, Territory and Province.

It is the only publication of the kind giving an alphabetical list of all Dentists and a reference to name where it appears with post-office address and college information.

There is no more direct or economical way of reaching the Dentists of the United States and Canada than by an advertisement in the Register, or if you wish to circularize, the Register presents the list in convenient form for addressing.

**PRICE \$10.00 PER COPY.**

**R. L. POLK & CO., Publishers, DETROIT**

## OAK HILL SANITARIUM

CHARLOTTESVILLE, VA.

### RATES

Our rates are as reasonable as the nature of our work will allow.

### OBJECT

To furnish a quiet retreat for the treatment and upbuilding of all forms of curable nerve exhaustion, following sickness, overwork, excesses, etc.

### SITUATION

Situated in the most attractive part of Virginia, two and one-half miles north of the City of Charlottesville, we have a tract of fifteen acres of beautiful woodlands, in sight of Monticello and the University of Virginia. This section of Piedmont Virginia, in the foothills of the Blue Ridge Mountains, is noted for its invigorating and healthy climate.

### ADVANTAGES

Pure and bracing air, pure freestone water, obtained from a magnificent spring. We are near a city and still have all the retirement and restfulness of the country. Our sanitarium is a Virginia home fitted up to make an ideal retreat for nervous sufferers. We use no bars nor restraint and admit no patients that require harsh treatment.

Good food, comfort, sanitary surroundings and skilled nursing are added to painstaking medical treatment, varying with the needs of each case.

OF NORTH AMERICA.

Virginia

1865

## VIRGINIA.

### CAPITAL, RICHMOND.

Population of State, 1,854,184.

(U. S. Census of 1900.)

Number of Physicians, 2,305.

Virginia, one of the original thirteen states, has a population, according to the United States Census of 1900, of 1,854,184, as against 1,655,980 in 1890, representing an increase during the decade of 198,204, or 12 per cent. The following table shows the increase in population since 1830:

1830.....1,211,405	1870.....1,225,163
1840.....1,239,797	1880.....1,512,565
1850.....1,421,661	1890.....1,655,980
1860.....1,596,318	1900.....1,854,184

The total land surface is, approximately, 40,125 square miles, the average number of persons to the square mile at the censuses of 1890 and 1900 being as follows: 1890, 41.3; 1900, 46.2. It extends from 36 degrees 30 minutes to 39 degrees 27 minutes north latitude, and from 75 degrees 10 minutes to 83 degrees 30 minutes west longitude, and is bounded on the north by Maryland and West Virginia, on the south by Tennessee and North Carolina, on the east by Chesapeake Bay and the Atlantic ocean, and on the west by Kentucky and West Virginia. Its latitude is that of Southern Europe, Central Asia, Southern Japan and California, giving it a climate at once delightful and salubrious. Virginia is divided into five grand divisions—the Tidewater, the Midland, the Piedmont, the Great Valley and the Appalachia. The western section of the state is traversed by two mountain ranges, the Blue Ridge and the Alleghenies, between which lies the far-famed valley of Virginia. The general elevation of the lands lying in the mountain region is from 1,800 to 2,000 feet, though some even rise to 2,700 feet, while the peaks which tower above the surrounding country are more than 4,000 feet above the level of the sea. Hence it will be seen that, topographically, Virginia varies from the sandy shores which are washed by the Chesapeake Bay and the Atlantic ocean to the verdure-clad mountain ranges, where grow the hemlock and the birch. It is well watered in all portions by springs, brooks, creeks, rivulets and several navigable rivers, among the latter being the historic Potomac, navigable for 110 miles; the Rappahannock, 82 miles; the York, 40 miles, besides the James. Piankattank others giving it 1,500 miles of steamboat navigation and double this amount for smaller craft. The average annual rainfall is about 40 inches.

For list of Medical Colleges, see page 152.

MEDICAL LAWS OF VIRGINIA.

AN ACT to amend and re-enact Sections 1744, 1745, 1746, 1747, 1749, 1750 and 1752 of Chapter 77 of the Code, regulating the practice of medicine and surgery in Virginia. Approved March 7, 1900.

1. Be it enacted by the General Assembly of Virginia, That sections seventeen hundred and forty-four, seventeen hundred and forty-five, seventeen hundred and forty-six, seventeen hundred and forty-seven, seventeen hundred and forty-nine, seventeen hundred hundred and fifty, seventeen hundred and fifty-two of chapter seventy-seven of the Code, regulating the practice of medicine and surgery in Virginia, be amended and re-enacted so as to read as follows:

Sec. 1744. Board of Medical Examiners—Numbers and Terms of Members.—There shall be for this state a board of medical examiners, consisting of one member for each congressional district in this state, and three for the state at large, and in addition two homeopathic physicians from the state at large, whose term of office shall be for four years, or until their successors are appointed and qualified. The term of office of the board first appointed after this act takes effect shall commence on the first day of April, nineteen hundred and two, but the board in office under the law in force at the time of the passage of this act shall constitute a board of medical examiners under this act until a new board shall be appointed and qualified.

Sec. 1745. How Appointed—When Office Deemed Vacant.—The said board shall consist of men learned in medicine and surgery, and shall be appointed by the governor on or before the first day of April, nineteen hundred and two, and every fourth year thereafter, from a list of names to be recommended by the medical society of Virginia. He shall also appoint two homeopathic physicians who may be nominated to him by the Hahnemann medical society of the Old Dominion, in the manner hereinafter provided. Vacancies occurring in such boards for unexpired terms shall be filled in the same manner. Such recommendations shall be by the votes of a majority present at some meeting of the said societies, and the same shall be certified to the governor by the president and secretary of such society; provided, however, in case the governor shall consider any of the persons so recommended unsuitable, he may decline to appoint such person or persons, and communicate the fact to the president of the society presenting the nomination, and such society shall, within ninety days thereafter, make other recommendations in the same manner as hereinbefore prescribed, which shall stand on the same footing in all respects as those first made: provided, further, if such society fail to make such recommendations prior to the time of appointment, or within the ninety days, the governor shall appoint such board, either in whole or in part, without regard to such recommendations. If any of such examiners shall cease to reside in the district for which he was appointed his office shall be deemed vacant.

Sec. 1746. Qualification of Members—Officers of Board—Its Meetings—Quorum.—The members of said board shall qualify by taking the usual oath of office before the county or corporation court of the county or corporation in which they respectively reside, or before the judge of such court in vacation. The officers of said board shall be a president, vice-president, and secretary (who shall also act as treasurer); said officers to be members of and selected by the board. Regular meetings of the board shall be held at such time and places as the board may prescribe, and special meetings may be held upon the call of the president and any five members; but there shall not be less than one regular meeting each year. Five members of the board shall constitute a quorum. The board may prescribe rules, regulations and by-laws for its own proceedings and government, and for the examination by its members of candidates for the practice of medicine and surgery.

Sec. 1747. Examination of Applicants for the Practice of Medicine and Surgery—Re-examination—Fees of Board.—It shall be the duty of the said board at any of its said meetings, to examine all persons making application to them, who shall desire to commence the practice of medicine or surgery in this state: provided, on or after first day of July, nineteen hundred, said applicant shall produce before said board a diploma or other satisfactory evidences of his graduation in some medical college chartered by the state or territory in which the same is situated: provided, that any under-graduate taking a graded course in any regularly chartered medical college shall be entitled to an examination on such branch or branches as he or she may present a certificate from the said college of having passed a satisfactory examination, and having once passed a satisfactory examination on each of such branches before the state board of medical examiners, no further examinations shall be required on such branch or branches; but an applicant failing to pass a satisfactory examination on any of such branches, shall not be permitted to be examined on such branch or

Virginia

1871

branches until he or she presents a diploma of graduation as Doctor of Medicine. And when an applicant shall have passed an examination satisfactory as to proficiency before the board in session, the president thereof shall grant to such applicant a certificate to that effect. A fee of ten dollars shall be paid to said board, through such officers or members as it may designate, by each applicant before such examination is had, and in case any applicant shall fail to pass a satisfactory examination he shall not be permitted to stand any further examination within the next six months thereafter, nor shall he have again to pay the fee prescribed as aforesaid; provided, however, no applicant shall be rejected upon his examination on account of his adherence to any particular school of medicine or system of practice, nor on account of his views as to the method of treatment and care of diseases; and provided further, that when, in the opinion of the president of the board, any applicant has been prevented by good cause from appearing before the board he shall have authority, in his discretion, to grant a special permit to such applicant to practice medicine or surgery until he shall have an opportunity to appear before the board in session for examination, which special permit shall be revocable at the discretion of the president, and in no case shall it entitle the holder thereof to practice after the next regular meeting of said board. The said board shall have, in their discretion, authority to accept in lieu of examination of an applicant a diploma or other satisfactory evidence of the graduation of the applicant in some medical college chartered by the state or territory in which the same is situated, and a certificate from the examining board of any other state or territory of the United States or the District of Columbia, showing that such applicant has passed a satisfactory examination as to his proficiency and obtained a license from said board to practice medicine and surgery in said state, territory or district: provided, that any person who was examined by the state examining board prior to January first, nineteen hundred, and whose fee for such examination was duly paid, but who failed to pass said examination, shall have the right and privilege of taking the examination before the state board, notwithstanding the provisions of this act.

Sec. 1749. Applicant to Have Certificate of Board Recorded—Fee of Clerk.—Before any person who obtains a certificate as aforesaid may lawfully practice medicine or surgery in this state, he shall cause the said certificate to be recorded in the clerk's office of the county or corporation in which he resides in this state, or if he resides in the city of Richmond, in the clerk's office of the chancery court of said city; but if he does not reside in the state of Virginia he shall cause the said certificate to be recorded in the clerk's office of the county or corporation in which he offers to practice in this state, or in the clerk's office of the chancery court of the city of Richmond, if he offers to practice in said city. The certificate shall be recorded by the clerk in a book to be kept for that purpose, and it shall be indexed in the name of the person to whom the certificate is granted. The clerk's fee for recording shall be the same as for recording a deed.

Sec. 1750. Who Prohibited from Practicing Medicine or Surgery Without a Certificate—Penalty for Practicing Illegally—What Courts Have Jurisdiction to Inflict.—No person who shall have commenced the practice of medicine or surgery in this state since the first day of January, eighteen hundred and eighty-five, or who shall hereafter commence the practice as a physician or surgeon for compensation, without having first obtained a certificate from the state board of medical examiners and caused the same to be recorded as aforesaid, or a special permit of said board. Any person shall be regarded as practicing medicine or surgery for compensation within the meaning of this act who shall profess publicly to be a physician or surgeon, and shall offer for practice as such, or who shall prescribe for the sick or those needing medical aid, and shall receive therefor money or other compensation, directly or indirectly. Any person who shall practice medicine or surgery in this state in violation of the provisions of this section shall be fined not less than fifty nor more than five hundred dollars for each offense; and it shall not be lawful for him to recover by action, suit, motion or warrant in any of the courts of this state any compensation for services which may be claimed to have been rendered by him as such physician or surgeon. The county and corporation courts shall have exclusive original jurisdiction to try offenses for violations of the provisions of this section committed within their respective counties and corporations.

Sec. 1752. Who Exempted from Examination.—Nothing in this chapter shall be taken as including or effecting in any way any dentist or midwife, nor any commissioned officer or contract surgeon of the United States army, navy or marine hospital service in the performance of his duties as such, nor to any physician or surgeon residing in any other State or Territory of the United States, or in the District of Columbia, called into consultation in a special case with a physician or surgeon in this state, nor shall this chapter be construed as affecting or changing in any way the laws in reference to the license tax required to be paid by physicians, surgeons and dentists.

2. All acts and parts of acts in conflict with this act are hereby repealed.

3. This act shall be in force from its passage.

A Copy—Teste:

WILLIAM HENRY MANN,

Clerk of the House of Delegates and Keeper of Rolls of Virginia.

April 5, 1900.

### AN ACT

To amend and re-enact Section 1747 of the Code of Virginia, regulating the practice of medicine and surgery in Virginia, as amended and re-enacted by an act approved March 7, 1900. Approved April 23, 1903.

1. Be it enacted by the General Assembly of Virginia, That section seventeen hundred and forty-seven of the Code of Virginia, as amended and re-enacted by an act approved March seventh, nineteen hundred, be amended and re-enacted so as to read as follows:

# Dental Register UNITED STATES AND CANADA. and Directory R. L. POLK & CO., DETROIT.

POLK'S MEDICAL REGISTER

Virginia

Sec. 1747. Examination of Applicants for the Practice of Medicine and Surgery—Re-examination—Fees of Board.—It shall be the duty of the said board, at any of its said meetings, to examine all persons making application to them who shall desire to commence the practice of medicine or surgery in this state: provided, said applicant shall produce before said board a diploma or other satisfactory evidence of his graduation in some medical college or institution teaching the art of healing human diseases chartered by the state or territory in which the same is situated: provided, that any undergraduates taking a graded course in any regularly chartered medical school shall be entitled to examination on such branch or branches as he or she may present a certificate from the said college of having passed a satisfactory examination, and having once passed a satisfactory examination on each of such branches before the state board of medical examiners, no further examination shall be required on such branch or branches; but an applicant failing to pass a satisfactory examination on any of such branches shall not be permitted to be examined on such branch or branches until he or she presents a diploma of graduation as doctor of medicine from some regularly chartered college of medicine. And when an applicant shall have passed an examination satisfactory as to proficiency before the board in session, the president thereof shall grant to such applicant a certificate to that effect: provided, however, that any applicant professing a system of medicine which does not require the use of drugs in the treatment of disease shall be exempt from standing an examination of materia medica.

A fee of ten dollars shall be paid to said board, through such officers or members as it may designate, by each applicant before such examination is had. And in case any applicant shall fail to pass a satisfactory examination he shall not be permitted to stand any further examination within the next six months thereafter, nor shall he have again to pay the fee prescribed as aforesaid: provided, however, no applicant shall be rejected upon his examination on the account of his adherence to any particular school of medicine or system of practice, nor on account of his views as to the method of treatment and care of diseases; and provided, further, that when, in the opinion of the president of the board, any applicant has been prevented by good cause from appearing before the board, he shall have authority, in his discretion, to grant a special permit to such applicant to practice medicine or surgery until he shall have an opportunity to appear before the board in session for examination, which said permit shall be revocable at the discretion of the president; and in no case shall it entitle the holder thereof to practice after the next regular meeting of said board.

The said board shall have, in their discretion, authority to accept in lieu of examination of an applicant, a diploma or other satisfactory evidence of the graduation of the applicant in some medical college chartered by the state or territory in which the same is situated, and a certificate from the examining board of any state or territory of the United States or the District of Columbia showing that said applicant has passed a satisfactory examination as to his proficiency, and obtained license from said board to practice medicine and surgery in said state, territory or district: provided, that any person who was examined by the state examining board prior to January first, nineteen hundred, and whose fee for such examination was fully paid, but who failed to pass said examination, shall have the right and privilege of taking the examination before the state board, notwithstanding the provisions of this act.

2. This act shall take effect from its passage.

## AN ACT

To amend and re-enact Section 1750 of the Code of Virginia, regulating the practice of medicine and surgery in Virginia, as amended and re-enacted by an act approved March 7, 1900. Approved April 24, 1903.

1. Be it enacted by the General Assembly of Virginia, That section seventeen hundred and fifty of the Code of Virginia, as amended and re-enacted by an act approved March seventh, nineteen hundred, be amended and re-enacted so as to read as follows:

Sec. 1750. Who Prohibited from Practicing Medicine or Surgery Without Certificate—Penalty for Practicing Illegally—What Courts Have Jurisdiction to Inflict.—No person who shall have commenced the practice of medicine or surgery in this state since the first day of January, eighteen hundred and eighty-five, or who shall hereafter commence the practice of the same, shall practice as a physician or surgeon for compensation without having first obtained a certificate from the state board of medical examiners and caused the same to be recorded as aforesaid, or a special permit from the president of said board.

To open an office for such purpose or to announce to the public in any way a readiness to practice medicine in any county or city of the state, or prescribe for, or to give surgical assistance to, or to heal, cure or relieve, or to attempt to heal, cure or relieve, those suffering from injury or deformity, or disease of mind or body, or to advertise or to announce to the public in any manner a readiness or ability to heal, cure or relieve those who may be suffering from injury or deformity, or disease of mind or body, shall he engage in the practice of medicine within the meaning of this section: provided, that nothing in this section shall be construed to apply to or to limit in any manner the manufacture or sale of proprietary medicines, or to apply to, affect or interfere in any way with the operation of any hospital now established in this state, or any person while engaged in conducting such hospital now established, if there be a licensed physician resident and practicing therein, or to any person who commenced the practice of osteopathy in this state prior to January first, nineteen hundred and three. It shall also be regarded as practicing medicine within the meaning of this section if any one shall use in connection with his or her name the words or letters "Dr." "Doctor," "Professor," "M. D.," or "Healer," or any other title, word, letter or designation intending to imply or designate him or her as a practitioner of medicine or surgery in any of its branches, but this section

shall not be construed to apply to non-itinerant opticians who are at this time engaged in the practice of optometry in this state, nor to professional or other nurses. Any person who shall practice medicine or surgery in this state in violation of the provisions of this section shall be fined not less than fifty nor more than five hundred dollars for each offense; and it shall not be lawful for him to recover by action, suit, motion or warrant in any of the courts of the state any compensation for services which may be claimed to have been rendered by him as such physician or surgeon.

The county and corporation courts shall have exclusive original jurisdiction to try offenses for violations of the provisions of this section committed within their respective counties and corporations.

2. This act shall take effect from its passage.

**CIRCULAR OF INFORMATION—MEDICAL EXAMINING BOARD OF VIRGINIA.**

1. Fee of ten dollars required of each applicant, and said fee is paid to secretary before examination is entered upon. Those failing will not be required to pay the fee when they appear before the board again.

2. All examinations shall be in writing, except as to old practitioners above mentioned. Applicants furnish their own stationery, pen, ink and blotters.

3. The examination shall continue three days; session from 9 to 12, 12 to 3, 4 to 7 each day until otherwise ordered by the board. Three hours is the time allowed for each section.

4. A total average of 75 per cent—that is, 675 points—shall be necessary to license a candidate (he or she having otherwise complied with the law): provided, that in no one section shall the percentage be less than 45 per cent; if so, the candidate shall be rejected, regardless of the total average.

5. No one is allowed to practice in this state without a temporary license or regular license, as prescribed by law.

6. At present time the examination comprises the following subjects: Chemistry, toxicology and medical jurisprudence; laryngology, rhinology, ophthalmology and otology; anatomy and embryology; histology, physiology and hygiene; pathology, bacteriology and neurology; obstetrics, gynecology and pediatrics; materia medica and therapeutics; practice of medicine, diagnosis and etiology; surgery.

7. Applicants must present their diplomas from some recognized medical college to the secretary of the medical examining board when they apply for examination. "Undergraduates taking a graded course in a regularly chartered medical college shall be entitled to an examination on such branch or branches as he or she may present a certificate from the said college of having passed a satisfactory examination; and having once passed satisfactory examination, etc." (See law.)

8. Applicants of the homeopathic school of medicine will be examined in the subjects of practice of medicine, materia medica and therapeutics in accordance with the tenets of their school.

9. The filing of an application or the taking of an examination does not entitle the applicant to practice medicine.

10. Applicants seeking reciprocity must apply to secretary for necessary application blanks.

For further information, address R. S. Martin, M. D., Secretary and Treasurer, Stuart, Va.

**Reciprocity.**—At present the medical examining board of Virginia reciprocates in medical licenses with the following states since June, 1904, according to the resolutions mentioned: Indiana, Georgia, Michigan, Nebraska, Delaware, District of Columbia, Maryland, South Carolina, Texas and Wisconsin.

Reciprocity with West Virginia, Minnesota, New Hampshire, Missouri and Kentucky since June, 1907.

**Resolved,** All applicants seeking reciprocity with other states as well as those coming to Virginia pay to the secretary and treasurer \$10.

**Resolved,** That each applicant for reciprocity must have been a practitioner for two years in the state from which he applies.

**Resolved,** That each applicant coming into Virginia by reciprocity must furnish the secretary with a certificate from the president and secretary of his county or state medical society that he is an ethical practitioner and of good moral character.

The medical examining board in case of reciprocity reserves the right to reject any applicants from any state when all of the requirements are not strictly conformed with.

The medical examining board of Virginia will reciprocate with other states, but deems it necessary for its own protection that every applicant claiming such recognition shall in person present with his petition a diploma from a reputable medical college, together with an attested certificate from a state medical examining board having equal requirements with our board, and willing and authorized to give similar recognition to those who hold our certificates. Applicants complying with the above conditions and paying usual fee shall be granted a certificate.

# MEDICAL COLLEGE OF VIRGINIA

## RICHMOND, VIRGINIA

ESTABLISHED 1838.

**CHRISTOPHER TOMPKINS, M. D., Dean.**

### DEPARTMENTS OF MEDICINE, DENTISTRY AND PHARMACY.

#### FACULTY

Christopher Tompkins, M. D., Dean of the Faculty and Emeritus Professor of Obstetrics.  
 John S. Wellford, M. D., Emeritus Professor of Diseases of Women and Children.  
 J. W. Long, M. D., Emeritus Professor of Diseases of Women and Children.  
 Henry H. Levy, M. D., Emeritus Professor of Practice of Medicine; Lecturer on Diseases of the Nerv System.  
 William H. Taylor, M. D., Professor of Chemistry, Toxicology and Medical Jurisprudence.  
 George Ben Johnston, M. D., Professor of Abdominal Surgery and Clinical Gynecology.  
 Lewis C. Boshier, M. D., Professor of Practice of Surgery and Clinical Surgery.  
 C. A. Blanton, M. D., Professor of Diseases of Children.  
 William P. Mathews, M. D., Professor of Orthopedic Surgery.

John P. Davidson, M. D., Professor of Diseases of the Eye and Ear.  
 Charles M. Hazen, M. D., Professor of Physiology; Lecturer on Electrotherapeutics.  
 Ennion G. Williams, M. D., Professor of Histology, Pathology and Bacteriology.  
 J. Shelton Horsley, M. D., Professor of Principles of Surgery and Clinical Surgery.  
 Frank M. Reade, M. D., Professor of Materia Medica and Therapeutics.  
 Daniel J. Coleman, M. D., Professor of Obstetrics and Diseases of the Puerperal State.  
 Clifton M. Miller, M. D., Professor of Diseases of the Nose and Throat.  
 Charles R. Robins, M. D., Professor of Gynecology.  
 J. Fulmer Bright, M. D., Professor of General and Special Anatomy.  
 Manfred Call, M. D., Professor of Practice of Medicine.

#### ADJUNCT FACULTY

J. M. Whitfield, M. D., Lecturer on Organic Chemistry; Instructor in Medical Jurisprudence.  
 F. H. Beadles, M. D., Lecturer on Diseases of the Skin.  
 Wm. J. West, M. D., Instructor in Orthopedic Surgery.  
 D. Meade Mann, M. D., Lecturer on Minor Surgery.  
 J. Richard Williams, M. D., Demonstrator of Operative Surgery.  
 B. L. Taliaferro, M. D., Demonstrator of Urinology; Instructor in Diseases of Children.  
 Greer Baughman, M. D., Lecturer on Special Pathology.  
 M. L. Anderson, M. D., Lecturer on Obstetrics; Chief of Obstetrical Clinic.  
 W. Brownley Foster, M. D., Lecturer on Physics; Demonstrator of Physiological Chemistry; Clinical Assistant in Practice of Medicine.  
 St. George T. Grinnan, M. D., Lecturer on Diseases of Children; Lecturer on Physical Diagnosis.  
 Sydney J. Baker, M. D., Demonstrator of Anatomy.  
 E. H. Terrell, M. D., Instructor in Anatomy; Assistant Demonstrator of Anatomy; Instructor in Principles of Surgery.  
 M. Pierce Rucker, M. D., Lecturer on Embryology.  
 Robert S. Boshier, Jr., M. D., Clinical Assistant in Practice of Medicine.  
 A. Murat Willis, M. D., Lecturer on Abdominal Surgery and Clinical Gynecology.  
 Lawrence T. Price, M. D., Instructor in Genito-Urinary Surgery and Veneral Diseases.  
 Herbert Mann, M. D., Instructor in Practice of Surgery.

H. B. Sanford, M. D., Demonstrator of Obstetrics.  
 I. T. Gorsline, M. D., Instructor in Gynecology; Clinical Assistant in Practice of Medicine.  
 W. A. Shepherd, M. D., Lecturer on Histology and Bacteriology; Demonstrator of Histology, Bacteriology and Hematology; Director of the Microscopical Laboratories; Instructor in Practice of Medicine.  
 D. D. Talley, Jr., M. D., Clinical Assistant in Practice of Medicine.  
 N. W. Nelson, M. D., Demonstrator of Pathology.  
 J. McCaw Tompkins, M. D., Instructor in Materia Medica and Therapeutics; Lecturer on Dietetics; Clinical Assistant in Practice of Medicine.  
 P. D. Lipscomb, M. D., Instructor and Clinical Assistant in Practice of Medicine.  
 J. F. Jones, M. D., Instructor in Anatomy; Assistant Demonstrator of Anatomy.  
 Douglas Vander Hoof, M. D., Clinical Assistant in Practice of Medicine.  
 S. C. Bowen, M. D., Clinical Assistant in Practice of Medicine.  
 R. Hunter Scott, M. D., Instructor in Obstetrics.  
 B. R. Tucker, M. D., Instructor in Neurology.  
 R. O. Rogers, M. D., Instructor in Principles of Surgery.  
 Leslie B. Wiggs, M. D., Assistant Demonstrator of Operative Surgery.  
 R. H. Wright, M. D., Instructor in Diseases of the Eye and Ear.  
 W. Armistead Gills, M. D., Assistant Demonstrator of Anatomy.  
 H. Norton Mason, M. D., Instructor in Diseases of Children.

Excellent Theoretical Course with Thorough Practical and Clinical Instruction in the Memorial Hospital, City Free Dispensary, and New and Well-Equipped Laboratories, all under the exclusive control of the College, together with the State Penitentiary Hospital, City Almshouse Hospital and other Public Institutions.

FOR CATALOGUE, ADDRESS

**FRANK M. READE, M. D., Secretary.**

EIGHTH REVISED EDITION.

# POLK'S DENTAL REGISTER

OF THE

## United States and Canada.

---

**This is positively the only National Dental Directory published.**

---

Over 36,000 Dentists, arranged by States, Territories and Provinces, with Post-office address and College and year of Graduation.

All the Existing Dental Colleges in the United States and Canada, with Location, Faculty, etc.; also extinct Dental Colleges.

The various Dental Societies and Dental Journals.

Synopsis of Laws regulating practice of Dentistry in each State, Territory and Province.

A Descriptive Sketch of each State, Territory and Province.

It is the only publication of the kind giving an alphabetical list of all Dentists and a reference to name where it appears with post-office address and college information.

There is no more direct or economical way of reaching the Dentists of the United States and Canada than by an advertisement in the Register, or if you wish to circularize, the Register presents the list in convenient form for addressing.

**PRICE \$10.00 PER COPY.**

**VISIT THE REED SCHOOL FOR THE CURE OF STAMMERING.** This is the only school of the kind in the country which welcomes visitors at any time during school hours. Positively nothing to hide. No secrets, no "method" of which we are ashamed. When you come to Detroit be sure and visit the Reed School. You may be asked your advice as to treatment for the cure of stammering some day. SEE WHAT WE OFFER. Booklet sent on application. REED SCHOOL, 371 Hubbard Av., Detroit, Mich. (See other right top lines.)

## WASHINGTON,

CAPITAL. OLYMPIA.

Population of State, 874,310.

(Bureau of Statistics, 1905.)

Number of Physicians, 1,300.

Originally a portion of Oregon, Washington came into a separate existence as a territory on the second day of March, 1853. At that time conditions bordering upon the primeval prevailed throughout the greater portion of the district. There were no railroads;

water transportation was at its earliest infancy; few wagon roads had been built and the settlements were widely scattered. The organization of the territory, following as it did only a few years after the great gold discoveries in California, seemed to give an impetus to immigration, and very shortly afterward settlers began heading toward Washington in considerable numbers. Progress was slow at first, but when the hardy pioneer began to realize the possibilities of wresting fortunes from the timber, coal, fishing and other

OF NORTH AMERICA.

Washington

1897

natural resources, the territory rapidly quickened into active life. In 1860 the population had passed the 10,000 mark; a decade later it had reached 24,000, and in 1880 the census showed a total of 75,116 people. Then came the period of the great boom following upon the completion of the Northern Pacific Railroad, and in 1890 the census returns gave Washington a population of 349,390, which was increased in 1900 to 518,103. In 1905, according to the estimates of the Bureau of Statistics, Agriculture and Immigration, the state contained 574,310 people. In the year 1889 Washington was admitted into the Union as a state, the capital being fixed at Olympia, Thurston county.

The state occupies the extreme north-western portion of the United States. The Straits of Juan de Fuca, Vancouver Island and the British Columbian possessions mark the northern border, the State of Idaho the eastern, the State of Oregon lying on the south; the Pacific ocean limits the land's end to the west. The state's area comprises an extent of, approximately, 70,000 square miles, 1,156 square miles of this being tide-water—Puget Sound. The state is divided into two most distinctive sections by the Cascade range of mountains, each section with a climate differing from the other and generally designated as "wet" and "dry" climates. Western Washington, comprising the Sound country and that section west of the Cascades, includes about one-third of the total area of the state, is heavily timbered, with a mild and equable climate, small areas of natural prairie land, and that generally of a gravelly and non-productive nature.

Eastern Washington is for the most part barren of trees, a rolling prairie rich in soil, but for a large part subject to the necessity of irrigation for agricultural purposes. The climate of this section has more of the extremes of heat and cold than the western portion, and yet by no means to that extent which characterizes states of the same altitude and further east.

The climate of Washington is much more equable than that of other states situated in corresponding latitudes. The daily and seasonal range of temperature which so greatly affects climate everywhere is not great in this state. The mean temperature for the month of January, which is usually the coldest month in the year, is 35.2 degrees. This is the average of the mean January temperature for ten years, taken at stations well distributed throughout the entire state. A similar average for July, usually the hottest month, gives 64.6 degrees. These averages cannot be far from the true or normal temperature for January and July. The difference between these is 29.4 degrees, the seasonal range. A comparison of the difference between the winter and summer temperature in Idaho, Montana, North Dakota, Wisconsin or Michigan, all of which lie in the same latitude as Washington, with the seasonal change in this state will show that it is comparatively low. To this fact may be attributed the entire absence of sudden changes or violent disturbances of the atmosphere within the state. The average of these two extremes, the temperature of January and July, gives a little less than 50 degrees for the mean

annual temperature of the state. This is, however, about one degree above the true or normal temperature.

For list of Medical Colleges, see page 152.

## STATE BOARD OF HEALTH.

Pres. J. M. Semple, M.D., Medical Lake; Sec. Elmer E. Heg, M.D., Seattle; S. B. Nelson, D.V.S., Pullman; J. R. Yocom, M.D., Tacoma; Philip Frank, M.D., North Yakima; Wilson Johnston, M.D., Spokane.

### MEDICAL LAW OF WASHINGTON.

Letter of Information Issued by the State Medical Examining Board of the State of Washington.

The examinations are held by this board every six months, on the first Tuesday of January and July, and continue for three days. The examinations will be in writing, covering the following subjects, which are so grouped that 100 questions will be the total asked:

Anatomy and physiology, 15 questions; histology, pathology and bacteriology, 10 questions; surgery, 10 questions; toxicology and chemistry, 10 questions; preventive medicine and medical jurisprudence, 10 questions; practice of medicine and diseases of children, 15 questions; obstetrics and diseases of women, 10 questions; diseases of eye and ear and nervous diseases, 10 questions; materia medica and therapeutics, 10 questions.

Evidence of the applicant's lack of knowledge of correct language, as derived from his written answers to questions, will militate against him. If the applicant does not speak the English language, arrangements can be made with the secretary of the board for an interpreter, if the want be made known in time. The fee for the employment of an interpreter must be paid in advance by the applicant, in addition to the ordinary fee for examination.

The accompanying application should be filled out carefully and, for the convenience of the board, sent to the secretary at least two weeks before the examinations take place, although this is not obligatory.

Those who practice homeopathy and eclecticism will receive questions prepared for their particular school on materia medica and therapeutics.

Two certificates of good standing, personally and professionally, must be furnished on the accompanying blanks, signed by two physicians of good standing and residents of the state, though the board reserves to itself the right to reject the letter of any physician. If the recommending physicians are not physicians residing in this state, the letters must be indorsed by physicians who do so reside. The board reserves the same right in regard to indorsing physicians' letters as to the letters of recommendation.

Only graduates of colleges in good standing, now maintaining—if still in existence—a four years' course, are eligible for examination. After July 1st, 1905, the Washington state board will not consider any college in good standing that does not maintain at least a four years' graded course of six months' (or more) duration, no two of which courses begin in the same calendar year.

Only graduates from colleges that were in good standing on the date on which the diplomas were issued, or, if still in existence, that still maintain at least a four years' graded course, are eligible for examination.

The applicant's diploma must be exhibited to the secretary of the board. If sent by mail, and if the applicant desires that it be returned the same way, stamps for return by registered mail must accompany the diploma.

An unmounted photograph of yourself must accompany your application. Across the face of the photographic paper write your name in full, and, if possible, have the dean of the college of which you are a graduate attest the signature, and also upon the photographic paper, at least in part, certify as to the genuineness of the photograph; otherwise, make an acknowledgment before a notary, whose certificate must be partly upon the photographic paper. In preparing your photograph as directed, be careful not to mar the features, as reproduced.

Any applicant who, before or during the examination, attempts to secure illegitimate advantage will not be allowed to take or to continue the examination. This rule will be strictly enforced by the board, and the fee under no circumstances will be returned.

No one can absent himself from the sight of the examiners during the progress of the examination upon any set of papers, excepting by consent of the examiner.

The law of this state does not provide for reciprocity with any other state. No temporary permits to practice are issued, and the fact that a physician makes application or otherwise signifies his intention to take the examination grants him no privilege.

# Oppenheimer Institute

Good Accommodations for Alcoholic and Morphine Cases. Morphinism cured in from two to three weeks. (See page 18)

1902

Washington

POLK'S MEDICAL REGISTER

Washington

leges. Legally, no rights as a practitioner are conferred upon any one until a license from this board is registered in the county clerk's office, and a license cannot be obtained in any other way than by taking the examinations. Any one practicing otherwise breaks the law of the state of Washington.

Licenses will be issued to those who make a general average of 75 per cent, excepting in the case of physicians of ten years' practice, in which case the required grade is 70 per cent, provided all the requirements of this board are satisfactorily complied with.

There is enclosed a blank application which must be filled out and delivered to the secretary of the board accompanied by a fee of twenty-five (25) dollars, with the photograph, letters of recommendation, and diploma, before the examination can be taken.

The following is a synopsis of the law of this state:

It provides for the appointment of the board, and the general method of its conduct and its business. It also provides that any person desiring to commence the practice of medicine or surgery shall be 21 years of age, shall furnish a certificate of good moral character, shall be a graduate of a medical college maintaining, if now in existence, a four years' graded course.

The applicant must submit to any examination in certain designated branches, as above, and if the examination is satisfactory a license shall be issued. The fee is \$25.

It also provides that the board may refuse or revoke a license for dishonesty or unprofessional conduct.

Provision is made for the dates of the examination, as above outlined, and the board is given the power to make what rules it may see fit. After the license is obtained a certified copy of the same, or the original, must be filed with the county clerk before one is fully entitled to practice his profession, and provision is also made for securing a certified copy of such registration for the purpose of transferring to another county.

C. W. SHARPLES, Secretary, Burke Building, Seattle, Wash.

## LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement.  
Refer to Index for Location.

### ABBREVIATIONS:

R., Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; \*, No report received; \$, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ‡, Druggist; †, Dentist. R. F. D. 1, Rural Free Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

## WEST VIRGINIA.

CAPITAL, CHARLESTON.

Population of State, 958,800.  
(U. S. Census, 1900.)

Number of Physicians, 1,790.

West Virginia was set off from Vir-  
ginia December '31, 1862, and admitted  
as a state June 19, 1863. It has, ac-  
cording to the United States census of  
1900, a population of 958,800, as against  
762,794 in 1890, representing an increase  
during the decade of 196,006, or 25.7 per  
cent. This rate of increase compares  
favorably with that for the decade im-  
mediately preceding, which was 23.3,  
but both are considerably less than that  
for the ten years from 1870 to 1880,  
which was 39.9 per cent. The first  
census of West Virginia was taken in  
1870, seven years after it was organ-  
ized as a separate state, and the popu-  
lation at that time was 442,014. Since  
then it has increased by satisfactory  
percentages, and is at present more than  
twice as large as it was in 1870. The  
total land surface is, approximately, 24,  
645 square miles, the average number  
of persons to the square mile at the  
censuses of 1890 and 1900 being as fol-  
lows: 1890, 31.0; 1900, 38.9. It extends  
from 37 degrees 6 minutes to 39 degrees  
37 minutes north latitude, and from 77  
degrees 43 minutes to 82 degrees 33  
minutes west longitude, and is bounded  
on the north by Pennsylvania and Mary-  
land, on the south and east by Vir-  
ginia, and on the west by Kentucky  
and Ohio. The climate is mild and  
healthful, the mean annual temperature  
being 54.27 degrees; that of the sum-  
mer 71.40 degrees, and of the winter  
36.66 degrees. The average annual rain-  
fall is about 43 inches. The state is  
elevated throughout and mostly moun-  
tainous. The whole eastern portion is  
traversed by parallel ridges of the Alle-  
gheny Mountains. The western part of  
the state is a rolling table-land gently

sloping down from 2,500 feet in the  
east to 900 feet on the banks of the  
Ohio river. The two principal rivers  
of the state are the Ohio and Potomac.  
Both flow along its borders and drain  
the state with numerous affluents. The  
principal of these are the Big Sandy,  
Guyandot, Elk, Monongahela, Kanawha,  
 Cheat, Little and Great Cacapon, Shen-  
andoah, etc.

For list of Medical Colleges, see page  
152.

## MEDICAL LAW OF WEST VIRGINIA.

The following provisions from the act regulating state and local boards of health, etc., set forth the law as it now is with regard to admission to the profession of medicine in West Virginia:

Sec. 4386. Physicians and Surgeons—Who May Practice Medicine—Examinations by State Board of Health—Certificates.

9. The following persons and no others shall hereafter be permitted to practice medicine in this state:

1st. All such persons as shall be legally entitled to practice medicine in this state at the time of the passage of this act.

2nd. All such persons as shall be graduates of a reputable medical college, recognized as such by the state board of health, who shall pass an examination before said state board of health and shall receive certificates therefrom, as hereinafter provided; Provided, also, that the state board of health, or a majority of them, may accept in lieu of an examination, the certificate of license to practice medicine legally granted by the board of registration or examination or licensing board of any other state, territory, or any foreign country whose standard of qualification for the practice of medicine is equivalent to that of this state, and grant to the said applicant a certificate of license to practice medicine in this state; Provided, such states, territories, or foreign countries accord like privilege to medical licentiates of this state. The state board of health shall, at such times as a majority of them may deem proper, hold examinations for the licensing of practitioners of medicine. Such examinations shall not be less in number than three during each year, and shall be held at such points in the state as shall be most convenient to those presenting themselves for examination, or to the state board of health. At such examinations, written and oral questions shall be submitted to the applicants for license, covering all the essential branches of the sciences of medicine and surgery, and the examination shall be a thorough and decisive test of the knowledge and ability of the applicants. The president and secretary of the state board of health shall issue certificates to all who successfully pass the said examination, and to all those whose certificates said board of health or a majority of them shall accept in lieu of an examination as hereinbefore provided, except that in the certificate issued to applicants who adhere to the osteopathic school it shall appear that it is for the practice of osteopathy, and such certificates, after being duly recorded as hereinafter provided, shall be deemed licenses to practice medicine, surgery and osteopathy in all their branches in this state. The state board of health shall give timely notice of the time and place of holding each such examination, by publishing such notice in at least three newspapers of general circulation in this state, and all such persons wishing to present themselves for examination shall notify the secretary and comply with the rules of the state board of health. No applicant for license to practice medicine in this state shall be rejected because of his or her adherence to any particular school or theory of medicine. The state board of health shall call to their assistance, in the examination of any applicant who professes the homeopathic, or osteopathic, or eclectic school of medicine, a homeopathic, osteopathic, or eclectic physician entitled to practice medicine in this state under this act, and such homeopathic, osteopathic, or eclectic physician so called to the assistance of the state

POLK'S MEDICAL REGISTER

West Virginia

board of health shall be allowed the per diem and actual expenses incurred hereinafter allowed to regular members of the state board of health; Provided, however, that the provisions of this and the preceding section shall not apply to physicians living in other states and duly qualified to practice medicine therein, who shall be called into consultation into this state by a physician legally entitled to practice medicine in this state under this chapter, and provided further that the provisions of this chapter shall not apply to females practicing midwifery, or to commissioned officers of the United States army and navy and marine hospital service when in the actual discharge of their duties as such commissioned officers; Provided, further, that this act shall not apply to osteopathic physicians practicing in the state at the time this act takes effect who are graduates of any recognized reputable school of osteopathy.

## Sec. 4387. Same—Certificates—Recording—Refusal or Revocation.

10. Every person holding any such certificate, as is hereinbefore provided for, shall have the same recorded in the office of the secretary of the state board of health, in a book to be kept by him for that purpose, and the secretary shall endorse on said certificate the fact of such recordation and deliver the same to the person named therein or to his order. The state board of health may refuse certificates to individuals guilty of malpractice or dishonorable conduct, and they may revoke certificates for like causes. Such revocation being after due notice and trial by the board of health, with right of appeal to the circuit court of the county in which such individual resides; but no such refusal or revocation shall be had or made by reason of the individual belonging to or practicing in any particular school or system of medicine.

## Sec. 4388. Same—Examinations—Fees—Re-examination.

11. Every person, on presenting himself for examination as hereinbefore provided, shall pay to the state board of health, or to the members thereof by whom he is examined, a fee of ten dollars, which shall not be returned if a certificate be refused him. But he may again at any time within one year after such refusal present himself for examination as aforesaid, without the payment of an additional fee, and if a certificate be again refused him he may as often as he sees fit thereafter, on the payment of a fee of ten dollars, be examined as herein provided, until he obtains such certificate. All other persons who shall be granted a license to practice medicine in this state under the provisions of section nine of this chapter shall each pay a fee of twenty-five dollars to the state board of health.

Section twelve of chapter one hundred and fifty of the Code of nineteen hundred and six is hereby repealed.

## Sec. 4390. Same—Persons to Whom Provisions of Chapter Applicable.

13. Any person shall be regarded as practicing medicine, within the meaning of this chapter, who shall profess publicly to be a physician, and to prescribe for the sick or who shall append to his name the letters "M. D." This act shall also apply to apothecaries and pharmacists who prescribe for the sick. This act shall not apply to commissioned officers of the United States army and navy and marine hospital service.

## Sec. 4391. Same—Itinerant Physicians—Vendors of Drugs, Etc.—License Tax.

14. Any itinerant physician desiring to practice medicine in this State, or any itinerant vendor of any drug, nostrum, ointment, or appliance of any kind, intended for the treatment of disease or injuries; or who shall by writing or printing, or in any other method, publicly profess to cure or treat diseases, injuries or deformities, by any drug, nostrum, manipulation, or other expedient, shall before doing so, pay to the sheriff of every county in which he desires to practice, a special tax of fifty dollars for each month or fraction of a month he shall so practice in such county, and take his receipt in duplicate therefor. He shall present said receipt to the clerk of the county court of such county, who shall file and preserve one of them in his office, and shall endorse on the other the words, "A duplicate of this receipt has been filed in my office," and sign the same; and if any such physician or vendor of patent medicines shall practice or attempt to practice in any such county without having paid such tax and filed such receipt with the clerk of the county court, and obtained his endorsement on the other as aforesaid, or if he shall practice or attempt to practice for a longer time than that for which he has paid such tax as aforesaid, he shall be guilty of a misdemeanor, and shall be fined not less than one hundred nor more than five hundred dollars. Any person who shall travel from place to place, and by writing, printing or otherwise, publicly profess to cure or treat diseases, injuries or deformities, shall be held and deemed to be an itinerant physician and subject to the taxes, fines and penalties prescribed in this section.

## Sec. 4392. Same—Penalties.

15. If any person shall practice, or attempt to practice medicine, surgery or obstetrics in this State, without having complied with the provisions of section nine of this chapter, except as herein provided, he shall be guilty of a misdemeanor, and fined for every such offense, not less than fifty nor more than five hundred dollars, or imprisoned in the county jail not less than one month nor more than twelve months, or be punished by both such fine and imprisonment, at the discretion of the court. And if any person shall file or attempt to file, as his own, the diploma or certificate of another, or shall file or attempt to file a false or forged affidavit of his identity, or shall wilfully swear falsely to any question which may be propounded to him on examination, as herein provided for, or to any affidavit herein required to be made or filed by him, he shall, upon conviction thereof, be confined in the penitentiary not less than one nor more than three years, or imprisoned in the county jail not less than six nor more than twelve months, and fined not less than one hundred or more than five hundred dollars, at the discretion of the court.

## THE KESSLER HOSPITAL,

CLARKSBURG, W. VA.

Bell Phone 66 Home Phone 119

A progressive, modern hospital, established in 1899, in one of the most active and progressive states. Conveniently located near the Hub or centre of West Virginia, easy to reach by all railroads. It is charmingly situated; lovely climate and scenery; well kept lawn, shade trees, porches and verandas. A modern building on a spacious site; cheerful and homelike in all its surroundings. Every new and scientific appliance is included in its equipment, including electrical, X-ray and Hot Air apparatus. It is a general hospital with special departments for typhoid fever, surgery, obstetrics, women's diseases, nervous diseases and alcoholic cases both acute and chronic.

### AMBULANCE SERVICE.

Entire building just been renovated throughout and new operating room added.

## LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement.  
Refer to Index for Location.

### ABBREVIATIONS:

R., Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; \*, No report received; \$, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ‡, Druggist; †, Dentist. R. F. D. 1, Rural Free Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

**"THE FAMILY DOCTOR"** is often asked for advice as to the cure of STAMMERING. Please investigate THE REED SCHOOL. It completely and permanently eliminates stammering by a detailed course of instruction in natural speech, from its rudiments to its entirety. Visitors are welcomed and given every opportunity to become thoroughly informed as to the treatment and its results. Booklet sent on application to REED SCHOOL, 371 Hubbard Ave., DETROIT, MICH. (See other right top lines.)

## WISCONSIN.

### CAPITAL, MADISON.

Population of State, 2,228,949.

(State Census, 1905.)

Number of Physicians, 2,681.

In 1836 the Territory of Wisconsin came into existence, and in 1848 she became a sovereign state, with Nelson Dewey as Governor. The capital was first at Belmont, then at Burlington, and in 1838 was removed to Madison.

The total land surface is, approximately, 54,450 square miles, the average number of persons to the square mile at the censuses of 1890 and 1900 being as follows: 1890, 31.0; 1900, 38.0. It extends from 42 degrees 31 minutes to 46 degrees 58 minutes north latitude, and from 87 degrees to 92 degrees 53 minutes west longitude, and is bounded on the north by Lake Superior, on the northeast by the northern peninsula of Michigan, on the east by Green Bay and Lake Michigan, on the south by Illinois, and on the west by Iowa and Minnesota. The climate is cool and pleasant, the mean annual temperature being 45.40 degrees, that of the summer 69.11 degrees, and of the winter 20.84 degrees. The average annual rainfall is about 31 inches. The surface is comparatively level. The Penokee range, about thirty miles south of Lake Superior, is the highest elevation. A slight ridge borders Lake Michigan for 30 miles inland. The state has exceptional facilities for water transportation. Its coast line on Lake Superior is 120 miles, on Lake Michigan 200 miles, and on the Mississippi river 400 miles. The affluents of Lake Superior, owing to the structure of the country, are short and have much fall. They are the Montreal, Bad, Burnt Wood and St. Louis. The Peshtigo, Menomonee, Pensauckee, Oconto, Fox and Wolf run into Green Bay. The Mississippi receives the Chippewa, St. Croix, Wisconsin, Black, Rock, Buffalo and Trempealeau. Other important streams are the Sheboygan, Manitowoc, Milwaukee and Kewaunee, flowing into Lake Michigan. The whole state is dotted with picturesque inland lakes. The northern and central portions of the state have extensive forests of pine, basswood, hickory, maple, elm, ash, black walnut, butternut, oak, birch, poplar, hemlock and cedar. The southern portion is an extensive prairie with very little native timber, except along the banks of the streams. Lead, iron, copper, zinc, salt, alum and building materials constitute the principal mineral resources. The state ranks third in the production of sandstone, fourth in zinc and fifth in iron. Agriculture is the chief industry, the staple crops being corn, oats, wheat, rye, barley, hay, buckwheat, hops, flax, hemp, pulse, sorghum and tobacco. Dairying and live stock raising are important. The manufactures are extensive and rapidly increasing, the state being well known for its output of lumber, woodenware, beer, brick, boots and shoes, leather, harness, etc. Age,

wealth and population considered, the state is unexcelled in the matter of public institutions. Its educational, as also its penal and charitable institutions, have been liberally established and intelligently supported, every effort having been put forth to raise to the highest degree the character and efficiency of them all.

This state, like others, has been aided in no small measure in the establishment of educational institutions by the far-sighted bounty of Congress. Liberal grants of public lands have greatly stimulated the ambition and furthered the efforts of the people of this state to provide amply for the advanced as well as the elementary education of their children. An elaborate and well organized system of common schools, high schools and normal schools, lead up to the state university, which now takes rank with the leading universities of the country. There are over 6,000 public common schools and 150 high schools employing over 12,000 teachers. These schools are supported partly by income of the "trust funds," so-called, and partly by the levy of a fixed general tax, provided by law. All fines and penalties collected under any penal statute are also payable to the trust fund.

It is an old and wealthy state; it has over 34,000,000 acres of land surface and over 1,000,000 acres of lakes. It has 20,000,000 acres in farms of the most productive character; it has 6,500 miles of railroads which traverse every county in the state, and under its law corporations pay approximately \$1,500,000 a year into the state treasury, thus lessening taxation upon the industrial classes. Its state government costs less per capita of population and less per \$1,000 of assessed valuation than any other state in the Union. Its agricultural products are worth over \$200,000,000, and its manufactured products nearly \$300,000,000 a year. Its iron, copper and lead mines are enormous, and a source of constantly increasing wealth. Its agriculture, manufacturing, mining and its vast lumbering regions furnish employment to hundreds of thousands of workmen and make the best of home markets for all products.

For list of Medical Colleges, see page 152.

WISCONSIN MEDICAL LAW.

AN ACT relating to the State Board of Medical Examiners, and to the registration and licensing of persons engaged in the practice of medicine, surgery, or osteopathy in the State of Wisconsin.

The people of the State of Wisconsin, represented in senate and assembly, do enact as follows:

Section 1. The governor shall appoint a board of medical examiners to be known as the Wisconsin State Board of Medical Examiners, consisting of eight (8) members. Such appointments shall be made from separate lists presented to him every second year, one list of ten (10) names presented by the Wisconsin State Medical Society, one list of ten (10) names presented by the Homeopathic Medical Society of the State of Wisconsin, one list of ten (10) names presented by the Wisconsin State Eclectic Medical Society, and one list of five (5) names presented by the Wisconsin State Osteopathic Association. In case any of said societies or associations fail to present such list of names, the governor may fill vacancies in the board by appointment from the last list filed by such association or society previous to the occurrence of such vacancy. The appointment of each member of said board shall be for the term of four (4) years and until his successor is appointed and qualified; the proportion of the different schools of medicine, as herein provided, shall be preserved. No instructor, stockholder, member of, or person financially interested in any school, college or university having a medical department, or of any school of osteopathy, shall be appointed a member of said board. Three members of said board shall be allopathic, two shall be homeopathic, two eclectic and one osteopathic, and all shall be licentiates of said board, and no member shall serve for more than two consecutive terms, provided nothing contained in this act shall be construed as terminating or in any manner interfering with the term of any member of the present state board of medical examiners, but each of said members shall serve out his present term as a member of said board.

Section 2. Said board shall annually, at its July meeting, elect from its members a president, secretary and treasurer, and shall have a common seal. The president and secretary may administer oaths for the accomplishment of the objects of the board. Said board shall hold regular meetings on the second Tuesday in each January at Milwaukee and the second Tuesday of each July at Madison, and such other meetings at such other times and places as it may from time to time determine. The board shall keep a record of all its proceedings and also a register of all applicants for license, together with a record showing their ages, time spent in the study of medicine and the name and location of all institutions granting to such applicants degrees or certificates of lectures in medicine, surgery or osteopathy. Said register shall also show whether such applicant was rejected or licensed, and said books and register shall be prima facie evidence of all the matters required to be kept therein.

Section 3. All persons commencing the practice of medicine, surgery or osteopathy in any of their branches in this state shall apply to said board at the time and place designated by said board, or at any regular meeting thereof, for license so to practice, and shall present to said board a diploma from a reputable college of medicine and surgery or osteopathy. A college to be deemed reputable by this board shall require at least four courses of not less than seven months each before graduation, no two of such courses to be taken within any one twelve months, and that shall require for admission thereto a preliminary education equivalent to that necessary for entrance to the junior class of an accredited high school in this state, including a one year's course in Latin, and that shall after the year 1906 require for admission to such school a preliminary education equivalent to graduation from an accredited high school of this state, and shall submit to an examination in the various branches in medicine and surgery usually taught in reputable medical colleges, or if the applicant be an osteopath he or she shall present a diploma from a regularly conducted college of osteopathy maintaining a standard in all respects equal to that hereby imposed on medical colleges as to preliminary education, said college after 1904 to give three courses of eight months each, no two courses to be given in any one twelve months, and after the year 1909 such college shall give four courses of seven months each, as hereinbefore provided for medical colleges, and shall pass the regular examination of such board in anatomy, histology, physiology, obstetrics, gynaecology, pathology, urinalysis, chemistry, toxicology, dietetics, physical and general diagnosis, hygiene, and theory and practice of osteopathy. The examination in Materia Medica, therapeutics and practice shall be conducted by members of the board representing the school of practice, which the applicant claims or intends to follow. After examination, as hereinbefore provided, the board shall, if it find the applicant qualified, grant a license to said applicant to practice medicine and surgery in all their branches in this state, or a license to practice osteopathy therein, which license can only be granted by the consent of not less than six members of said

Wisconsin

1943

board, and which, after the payment of fees as hereinafter provided, shall be signed by the president and secretary thereof, and attested by the seal of the board. Osteopaths, when so licensed, shall have the same rights and privileges and be subject to the same laws and regulations as practitioners of medicine and surgery, but shall not have the right to give or prescribe drugs or to perform surgical operations. The fee for examination shall be fixed by the board, but shall not exceed \$15.00 in each case, with \$5.00 additional for the license if issued. Such fee or fees shall be paid by the applicant to the treasurer of the board and may be applied toward defraying any proper and reasonable expenses of the board; provided, however, that any student who is exempted as a matriculant of any medical college of this state under chapter 306 of the laws of 1901, whose name is now on file with the Wisconsin State Board of Medical Examiners, shall, on the presentation of a diploma from any Wisconsin college, and on the payment of the fees specified in this act, and having satisfied said board that he or she is a person of good moral character, be licensed to practice without further examination by such board, provided that said college maintains its standard herein required. Every person practicing medicine or surgery in the State of Wisconsin, who, at the time of the passage and publication of this act, has not received a license from said board, and who shall after such passage and publication present a diploma from a reputable medical college and give satisfactory evidence of having been a reputable practitioner of medicine and surgery in the State of Wisconsin continuously since the first day of July, 1897, shall be granted a license without examination upon the payment of a fee not exceeding \$5.00, as determined by said board. Any person applying for such license shall, if he or she be possessed of a certificate of registration issued under and according to the provisions of chapter 87 of the laws of 1899 present such certificate to said board with the diploma and application of such license, and surrender said certificate on the issuance of said license, the registration fee paid for same shall be deducted from the last named fee. Any practitioner of medicine or osteopathy holding a certificate from any other state board imposing requirements equal to those established by the board provided for herein, may, on presentation of the same, with a diploma from a reputable medical or osteopathic college, be admitted to practice within this state without an examination, at the discretion of the board, on the payment of the fee fixed by the board, not exceeding the sum of \$25.00.

Section 4. All money received by the board shall be kept by the secretary thereof, who shall also act as treasurer, out of the funds coming into their possession from the fees mentioned in the preceding section; the board may pay all legitimate and necessary expenses incurred by them, their agents or employees in the discharge of the duties of the board, and the members may receive for their services a sum to be determined by the board, not exceeding five dollars for each day actually spent in attending to the business of the board; the secretary shall receive a salary to be fixed by said board, not to exceed one thousand dollars per annum. Such salary, compensation and expenses shall be paid from the fees received by the board, and no part thereof shall be paid out of the state treasury. The secretary shall furnish to the board such bond as they may from time to time direct. It shall be the duty of said board to make a report of their proceedings to the governor at the end of each biennial period, together with an account of all moneys received and disbursed by them, and all moneys in excess of actual expenses shall be paid into the state treasury, the secretary of said board securing a receipt therefor, said moneys there to remain as an emergency fund which may be withdrawn in whole or in part by said board in case of necessity with the consent of the governor. Said biennial period shall begin Dec. 31, 1904. The provisions of this act shall not apply to commissioned surgeons of the United States army, public health and marine hospital service or to physicians or surgeons of other states or counties in actual consultation with resident physicians of this state.

And provided, further, that any practitioner of medicine or surgery holding a license from the state board of medical examiners of any adjoining state, dated since January 1st, 1901, shall on presentation of the same within one year from the taking effect of this act, accompanied by a certificate from the secretary of the state board of medical examiners of the state issuing the license that such applicant is a reputable practitioner of medicine and surgery, be licensed to practice medicine and surgery in this state without an examination, at the discretion of the board, on payment of the fee

Section 5. Every person hereafter practicing medicine, surgery or osteopathy in this state shall be required to have the license herein provided for, or heretofore issued by the Wisconsin State Board of Medical Examiners, or a certificate of registration issued pursuant to the provisions of chapter 87 of the laws of 1899, and any person having or hereafter receiving a license according to the provisions of this act, or having such certificate of registration, shall record the same with the county clerk of any county in which said person shall practice and pay to said clerk or clerks a fee of fifty (50) cents each for receiving the same, and said clerk shall enter a memorandum thereof, giving the date of said license or certificate, the name of the person to whom it was issued, school of practice chosen, and the date of such recording in a book to be provided and kept for that purpose. Any such person who shall fail to record his or her license or registration certificate, as herein provided, shall not exercise any of the rights or privileges conferred by such license or certificates. And any person beginning such practice without having obtained such license, or having obtained such license contrary to law, or any person who, not having such license or certificate of registration herein referred to, shall advertise or hold himself or herself out to the public as a physician, surgeon, osteopathist or specialist in any of the branches of medicine, surgery or osteopathy, or who shall use the title of "Doctor," or shall append to his or her name the letters "M. D." or "M. B.," meaning doctor or bachelor of medicine, or "D. O.," meaning doctor or diplomat of osteopathy, or any other letters of designation meaning any of the titles enumerated in this section, shall be punished by a fine of not less than \$50.00 nor more than \$100.00 for each offense, or by imprisonment in the county jail for a term not exceeding three months,

or by both such fine and imprisonment. Any person practicing medicine, surgery or osteopathy, or without authority assuming the title of "doctor of medicine," "doctor or diplomat of osteopathy," "bachelor of medicine," or "physician," or "surgeon," or "osteopathist," or "osteopath," shall not be exempted from but shall be liable to all the penalties and liabilities for malpractice which physicians, surgeons or osteopathists are liable to, and ignorance on the part of any such person shall not lessen such liability for failing to perform, or for negligently or unskillfully performing or attempting to perform any duty assumed, and which is ordinarily performed by physicians, surgeons or osteopathists. If any person licensed or registered by said board shall be convicted of any crime committed in the course of his professional conduct, the court in which such conviction is had may, in addition to any other punishment imposed pursuant to law, revoke such license or certificate. Said board shall have the power to adopt such rules for its government and may require the filling out of such blanks by applicants as it may deem necessary in order to ascertain the true character and qualifications of an applicant for license, and the board may in its discretion refuse to grant license to any person who does not furnish satisfactory proof of good moral and professional character.

Section 25 (Law of 1907). Every person shall be regarded as practicing medicine, surgery or osteopathy within the meaning of this act, who shall append to his or her name the words or letters "Doctor," "Dr.," "Professor," "Prof.," "Specialist," "M. D.," "M. B.," or "D. O.," or any other title letters, combination of letters or designation which in any way represents him or her, or may tend to represent him or her, as engaged in the practice of medicine, surgery or osteopathy, in any of its branches, or who shall for a fee or for any compensation of any kind or nature whatsoever, prescribe or recommend for like use any drugs or other medical or surgical treatment or osteopathic manipulation, for the cure or relief of any wound, fracture, bodily injury, infirmity or disease, provided, however, that nothing in this act contained shall be construed as applying to any dentist or resident refracting optician engaged in the practice of his profession. (Section 1435f, Statutes of 1898, as amended by Ch. 363, 1907.)

Section 7. It shall be the duty of the board of medical examiners to investigate all complaints in regard to the violation, or disregard of, or non-compliance with, the provisions of this act, and to bring all such cases to the notice of the proper prosecuting officers, and it shall be the duty of the district attorney of the proper county to prosecute all violations of this act.

Section 8. No person practicing medicine, surgery or osteopathy shall have the right to collect, by law, any fees or compensation for the performance of any medical or surgical services, or fees for any service as an osteopathist, or to testify in a professional capacity as a physician, or surgeon, or insanity expert, in any case, unless he or she holds a license from the Wisconsin Board of Medical Examiners, or the certificate of registration hereinbefore referred to, with a diploma from a reputable medical college or society, or a certificate of membership in a medical society, and has been duly recorded as a practitioner in the State of Wisconsin; provided, that nothing in this act contained shall be construed as restricting any court in a criminal action from receiving the testimony of any person as a witness.

Section 9. All acts or parts of acts in any wise conflicting with the provisions of this act are hereby repealed.

Section 10. This act shall take effect and be in force from and after its passage and publication.

Sub. for No. 353. A.

A BILL empowering and requiring the Wisconsin State Board of Medical Examiners to refuse to grant licenses or certificates of registration to persons guilty of immoral, dishonorable or unprofessional conduct, and empowering the courts to revoke and annul any license or certificate issued to any person guilty of immoral, dishonorable or unprofessional conduct, or fraud or perjury in connection with obtaining such license or certificate, or through error.

The People of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

Section 1. It is hereby made the duty of the Wisconsin State Board of Medical Examiners to refuse to license or grant a certificate of registration to any person guilty of immoral, dishonorable, or unprofessional conduct. The circuit courts of this state are hereby vested with jurisdiction and power to revoke and annul any license or certificate of registration which has been heretofore or which may be hereafter issued to any person to practice medicine or surgery, or osteopathy in this state, who is guilty of immoral, dishonorable or unprofessional conduct, or who has procured such license or certificate of registration by fraud or perjury, or where the same was obtained through error. Upon a verified complaint in writing being made by any person, to the district attorney of any county, charging any person holding such license or certificate with having, in said county, been guilty of any immoral, dishonorable or unprofessional conduct, as defined in this act, or with having procured such certificate or license by fraud or perjury, or through error, said district attorney shall commence and prosecute an action in the circuit court of said county, against the person so complained against, to revoke and annul such license or certificate of such person. Such action shall be commenced and prosecuted as a civil action in the name of the State of Wisconsin as plaintiff, and against such person complained against as defendant, and the rules of pleading, evidence and practice in civil actions in the circuit court shall be applicable thereto, and either party may appeal from the circuit court to the supreme court as in other civil actions. Either party in said action may demand a jury trial, and the defendant shall have the right to be represented by counsel, and the court may permit counsel to assist the district attorney in the prosecution of such action. The costs of such prosecution shall be paid by the county in which said action is brought. If, upon

Section 42. Immoral, Dishonorable and Unprofessional Conduct Defined.—The words "immoral, dishonorable or unprofessional conduct" as used in section one of this act are hereby declared to mean: First; procuring, aiding or abetting a criminal abortion. Second; advertising in any manner either in his own name or under the name of another person, firm or pretended firm, corporation or pretended corporation, in any newspaper, pamphlet, circular, or other written or printed paper or document the curing of venereal diseases, the restoration of "lost manhood," the treatment and curing of private diseases peculiar to men and women, or the advertising or holding himself out to the public in any manner as a specialist in the diseases of the sexual organs, or diseases caused by sexual weakness, self-abuse or excessive indulgences, or in any disease of a like nature or produced by a like cause, or the advertising of any medicine or any means whatever whereby the monthly periods of women can be regulated or the menses re-established, if suppressed, or being employed by or in the service of any person, firm or pretended firm, association, corporation or pretended corporation, so advertising. Third; the obtaining of any fee, or offering to accept a fee on the assurance or promise that a manifestly incurable disease can or will be permanently cured. Fourth; wilfully betraying a professional secret. Fifth; indulging in the drug habit. Sixth; conviction of any offense involving moral turpitude. (Section 1436f, Statutes of 1898, as amended by section 1, Ch. 196, 1907.)
